**"Honesty is the Best Policy."**

Never was a more pointed saying put into print, and yet to be honest only because it is policy is a poor kind of honesty. Better change "policy" to "principle" and the world will like you better. In the medical world there is one medicine honest for principle's sake—and that is Hood's Sarsaparilla.

It is the specific of the age for all blood troubles. The liver, kidneys and bowels are all toned up by its action. It is a cleaner and thus good health ensues. It never disappoints.

**Rheumatism.**—I believe Hood's Sarsaparilla has no equal for rheumatism. It has done more good than any other medicine I have taken. Mrs. PATRICK KENNEDY, 212 E. 12th St., Toronto.

**Bad Cough.**—After my long illness, I was very weak and had a bad cough. It did not get better. Different remedies did not help me. I tried Hood's Sarsaparilla and it cured me. I am now perfectly well. Mrs. J. A. YOUNG, 121 E. 12th St., Toronto.

**Billiousness.**—I have been troubled with billiousness for some time. It was very bad. I tried many remedies, but nothing helped. I then tried Hood's Sarsaparilla and it cured me. I am now perfectly well. Mrs. J. A. YOUNG, 121 E. 12th St., Toronto.

**Heart Trouble.**—I had heart trouble for some time. It was very bad. I tried many remedies, but nothing helped. I then tried Hood's Sarsaparilla and it cured me. I am now perfectly well. Mrs. J. A. YOUNG, 121 E. 12th St., Toronto.

**Scurvy.**—I had lost five children due to scurvy. It was very bad. I tried many remedies, but nothing helped. I then tried Hood's Sarsaparilla and it cured me. I am now perfectly well. Mrs. J. A. YOUNG, 121 E. 12th St., Toronto.

**Varicose Veins.**—I have been troubled with varicose veins for some time. It was very bad. I tried many remedies, but nothing helped. I then tried Hood's Sarsaparilla and it cured me. I am now perfectly well. Mrs. J. A. YOUNG, 121 E. 12th St., Toronto.

## DR. GARMAN SPEAKS OUT.

Was Grieved at the Attitude  
of the Government

On the Prohibition Question, and Says  
the Answer Given to the Prohibition-  
ists was "Little Better Than a  
Slap in the Face."

Yesterday afternoon's Ministerial session  
of the B. of C. Conference was held be-  
hind closed doors, and the first thing con-  
sidered was

DR. WORKMAN'S CARE.  
Rev. Dr. Workman was asked for  
The records on the Conference journal  
were placed before the General Supt. He  
emphatically refused to allow the report to  
be presented to the Conference, and said  
a Court he would have nothing to do with  
it. If a man was shadowed for a year by  
such a Court, he would be driven to  
civilly liable. It could not be admitted,  
whether it concerned or concerned the  
Dr. it was an extra-judicial Committee.  
Charges should be laid in a disciplinary  
way.

Dr. Burwash dissented from this view.  
He was partial to the report, and was  
concerned that the report would be  
sent to the Committee. The Supt. had the same right  
to enter charges. Charges should be laid in a disciplinary  
way.

Remarks were made by ex-President  
McDonald, Rev. T. Manning, Rev. F. R.  
Stratton and others.

Rev. R. W. Young thought it strange  
that such a committee's report could not  
be heard. He said that the report was  
not a report, but a statement of facts.  
He would like to see the report, and he  
would like to see the committee's report.  
He would like to see the committee's report.

Chairman—Most respectfully he would  
under this question, and then entirely as  
ultra vires of this Conference.

Upon this Dr. Burwash gave notice of  
appeal against this decision to the General  
Conference Court of Appeal.

Dr. Workman then took the floor and  
briefly stated his position. There were  
misreports, misconceptions and misun-  
derstandings. He would not, however, say  
misrepresentations. It had gone about  
that his teaching was un-Metodist and un-  
evangelical. He could assure the brethren  
that that was not the case.

And after nearly eight years, he said,  
I ask this Conference not for a trial but  
an investigation. I ask this as a matter of  
justice. He had been so loyal to the doc-  
trines of the Methodist Church all along,  
as he was when he offered himself a young  
man at college. He was a Methodist  
through and through. He had been so  
loyal to the church, some very recently,  
but he had refused them.

The matter was then dropped for the  
present.

The question was asked if Rev. J. C.  
Ash was a member of the Conference and  
if he was deprived of his ministerial func-  
tions.

Dr. Carman read a carefully prepared  
reply, following a reference to the records,  
showing that Rev. Mr. Ash had no place  
whatsoever on the Conference floor as a  
minister of the Church.

This concluded the afternoon session.

The Conference proper closed this morn-  
ing. From 9 to 10 o'clock devotional exer-  
cises were held, conducted by Rev. J. C.  
Manning. A large number of the brethren  
took part in the exercises. Rev. Dr.  
Carman, General Superintendent, presided  
at the opening proceedings.

Before proceeding with the roll call the  
General Supt. addressed the Conference  
at considerable length. They were met  
together as Christians, as officers and mem-  
bers of the church, as brethren, as philan-  
thropists. They had also met for the glory  
of God and to assist in the upbuilding of  
the empire. They were here in a united effort  
to do the work of God, which would be  
successful if disintegrating forces were  
at work. We are here to subjugate the  
earth to Christ. We are here to do the  
work of God, which would be successful if

work of God, which would be successful if  
disintegrating forces were at work.

Hardly had the President assumed the  
duty of his office before he had  
a dozen little girls, representatives of  
the Primary Class of Bridge at Sunday School,  
around the platform, and the Rev. Mr.  
Carthy, a granddaughter of Sir Mackenzie  
Bowell, presented the President with a  
large bouquet of roses. The Con-  
ference heartily applauded the graceful act,  
and the President thanked the little ones.  
The President's first departmental council  
of Evelyn McCarthy, Jean Caldwell, Jean  
Bogart, May Burwell, Edna Burrows and

### A HOT TIME IN THE OLD TOWN.

The Montrealers Don't Think Much of Kingston's Hospitality.

Rifles and Revolvers Were Freely Used, and the Stones Thrown Ranged in Size from a Coconut to a Goose Egg.

The non-stone from Montreal to take the place of the stones are having a warm time of it in the Kingston City. As stated in this paper yesterday, a second attack was made on the Montreal men on Wednesday night, additional particulars of which are taken from the Kingston News.

A second attack was made on the Montreal workmen at the G.T. Hotel station at about 10:30 o'clock last night, and the probabilities are that more will follow unless some action is taken by the authorities. After the fracas of the previous night the car had been removed down to a siding opposite the station. On the other side of the car, on the hillside, stands a vacant stone house, and the attacking forces used this as a fort and place of refuge. Had the location been any other, the residents in the section might have thought that Kingston was about to be bombarded.

Rifles and revolvers cracked away for a period of about ten minutes, when all was again still, and the neighborhood sank back into its original quietude.

A report was going the rounds that the light was started by the Montreal men, who fired shots in the air, but this is denied. A news reporter this morning visited the car containing the Montreal men, who have been dubbed "scabs" by the townsmen. At first the men were highly indignant that they should be asked for information regarding the affair, after the manner in which they had been treated.

"We will not soon forget Kingston," said one of their leaders. "This is certainly one city in Canada where no attempt is made to preserve law and order. There is no protection here for life or limb, and the authorities do not seem to care whether men are shot down like dogs or not. The report is not true that we started the trouble last night, but at the same time we were better prepared than we were the night before. We did not intend to be shot down like dogs, and we did not intend to start a riot without a large number of men."

One of the men went on to state that he was lying with a comrade between the wheels of the car on watch, as they had been previously warned that there would again be trouble. He first noticed a man creeping up in the grass from the east, and a minute later saw four more men making for the stone house from the west. He saw the men enter the house, and he saw them armed with rifles and shotguns.

The death is announced of Mr. Richard A. Davis, which occurred at 7 o'clock last night. An obituary notice will appear at a later date.

We regret very much that great pressure on space prevents the publication in full of the proceedings of the South Hastings Teachers' Institute. The report will appear at a later date.

### PEDAGOGUES IN SESSION.

Deliberations of the Bright Men and Women Who Teach the Schools in This District.

The Institute assembled in Alberta Hall at 10 a.m. yesterday.

The Chair was occupied by the President, J. Johnson, I.P.S.

The first business was the election of officers for the ensuing year, with results as follows:

President—J. Johnson, I.P.S.  
Vice-Pres.—J. W. Dufour.  
Sec. Treas.—S. A. Gardner.

Committee of Management—S. L. Armstrong, Belleville; F. W. Fairman, Trenton; Mr. Luck, Deseronto; O. S. Hicks, Sidney; Mr. Shorrey, Thurlow; Mr. Kierman, Tyendinaga; Mr. J. Bell, Hungerford.

Miss Unquhart, Delegate to the Provincial Association, read an exhaustive and carefully prepared report of the doings of that body. On motion of Mr. O. S. Hicks, seconded by Mr. Barrager, a hearty vote of thanks was tendered Miss Unquhart for her able report.

On motion of Mr. Hicks, seconded by Mr. Solmes, Mr. D. Barrager and Mr. Lot were appointed Reporting Secretaries of the Institute.

Miss White, of Trenton, gave an excellent paper on Writing, comparing the two systems, Spencerian and Vertical, giving reasons why the Vertical is the better system. It is more easily taught, more legible, saves space, is more rapidly written, and more hygienic. Miss White then explained the construction and formation of each letter. Miss White's paper was an exceedingly practical one.

**THE KINGSTON TROUBLES.**  
Extracts From the Press of That Town Concerning Late Events.

Kingston Whig: By a visit to the outer G.T.R. station last night one would be seized with the idea that Kingston was about to be invaded. It certainly seemed as if some danger threatened the Limestone City. But all fear was soon dispelled, for the expected invaders were local men, and the object of attack several fourth class cars supposed to contain the men sent from Montreal to take the striking section-men's train.

On account of the trouble on Tuesday and Wednesday night's railway management yesterday afternoon sent up a squad of fourteen constables to aid in protecting the new men. A. Segura, chief interpreter of the Montreal police court, was in command. All were well armed with revolvers and six shooters and were looking for blood.

It had been all planned that at the first movement of any mob, the constables would rush over the track and shoot as possible, down, taking prisoners as many as possible. But the brave conduct of G. T. R. protectors was not to be given such a chance. All met not fools, and if the constables thought for an instant that the sympathies of the trackmen would again assemble as they did the previous two nights, and attack the new men, they were to be disappointed.

A rumor was circulated that the next move of the mob would be to place dynamite underneath the cars occupied by the new men, which would be a very unpleasant thing if anyone was inside. If so, the men would not fairly "fly" over the track, instead of walking as before.

Hardware merchants say they are selling an unusually large quantity of shot just now, and think they know for what it is intended. A large number of shotguns are also being collected, presumably for use in the outer station.

Settled Out of Court.  
The Dunlop Tire Company announced a settlement out of Court of their action against the Great Bicycle Company of Brantford. They do not make any terms of agreement other than that the Great Bicycle Company must return the tire rights of Dunlop to the Dunlop Tire Company on any but wheels of their make. The settlement has been pending for some time.

The Gold Company will abandon their appeal against the judgment of the Exchequer Court accepting the finding, which judgment was in favor of Dunlop Tire Company. We are well satisfied, is all the Dunlop people say.

DESTRUCTION WAS GREAT.

From All Around the Surrounding District There Come Tales of Woe.

Churches Broken Down, Barns Wrecked and Trees Uprooted, But So Far No Loss of Life is Reported.

About 3 o'clock yesterday afternoon heavy, furious clouds were to be seen gathering in the sky in a northwestern direction from the City. The rumbling of the distant thunder denoted that a storm was approaching, and it gave evidence of being severe in its character. Before any rain descended the wind blew with considerable force here, but from the following accounts which we have received it will be seen that our citizens were fortunate in escaping the path of the tornado (for such it proved to be) that swept through a portion of the Townships of Thurlow and Huntingdon. After the storm had subsided its path was plainly visible on all sides. Churches, barns, sheds, trees and fences were levelled, the scene being one of great desolation. Mr. Eliazar Brimble, cheese buyer, of this City, was in the vicinity of Moira, Huntingdon Township, at the time, and he stated to an INTELLIGENCE representative that the scene was one of wild confusion. The wind blew with terrific force, levelling barns and trees with apparent ease. As far as it was possible to learn to-day, the following damage was sustained:

On the 8th concession of Thurlow, the Zion Hill Methodist Church, a brick structure, was levelled to the ground. The edifice was situated upon a prominent rise and received the full force of the storm. It was a rather aged structure, but was in a good state of repair. The loss to the community will be a severe one. Rev. E. J. Anderson is pastor of the Plainfield circuit, in which this church is situated. Fences and trees in the vicinity were also levelled.

Mr. J. Foster's barn in the 2nd concession of Huntingdon was unroofed and otherwise injured.

Mr. Walter Smith's barn in the 2nd concession of Huntingdon suffered a like fate. This was a commodious and well constructed building.

Mr. R. J. Gordon's barn, in the 8th concession of Thurlow, was in the line of the storm, and it, too, was unable to withstand the force of the wind and was blown down.

The road in various parts of the track of the storm were strewn with trees and fences, making them impassable. On the 8th concession of Thurlow, near Mr. E. Gordon's residence, was a beautiful row of poplar trees, all of which suffered severely, some being overturned.

The Bank of Montreal, at its annual meeting just held, showed an increase in deposits for the year of about \$5,000,000.

Ministers and Delegates remember that Burrows, of Belleville, is in the Life Assurance business, and offers plans for investment or protection.

Glorious News

Comes from Dr. D. B. Gargle, of Washita, L. He writes: "Four bottles of Electric Bitters have cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help, but her cure is complete and her health is excellent. This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for scrofula, leprosy, rheum, ulcers, boils and running sores, and it cures liver, kidney and bladder troubles, helps digestion, builds up the system. Only 30c. Sold by J. S. McKee, Druggist. Guaranteed."

Prices are Advancing.

Farmers will have to pay for their blunder wine this fall. The price has nearly doubled within two years. It was formerly to be bought for four or five cents a pound, now brings thirteen and fourteen cents, with the prospect of an advance before long. Manila rope has likewise advanced. Two years ago the rope that could be bought for seven cents a foot laid down, now brings twenty-two cents, and it is none too plentiful at that figure. The war in the Philippine Islands is responsible for the increased prices.

It is better to preserve health than to cure disease. Therefore, keep your blood pure with New Blood-Sanitizer and be always well.

Penetanguishene, Ont., June 6.—During a very severe thunderstorm, which passed over here last evening, lightning struck a small log house about two and a half miles east of here, killing the wife and son of William Ladouceur, and shattering the house, stove and pipes and the windows. Young Lad Killed Near Hamilton. Hamilton, June 6.—A severe thunder and wind storm struck the city about 4 o'clock yesterday, and considerable damage was done. The storm proved to be a very severe one, and many lives were lost. One of the victims was a young man, who was killed by lightning on the beach road. His body was found under a tree in front of Tuley's farm soon after the storm passed over. His face was burned and the right side of his body was charred. He was about 14 years of age, and was under the tree during the storm. It is supposed that the lightning struck the pole, which brought the bolt to the city morgue. No inquest will be held. The unfortunate youth was the only son of Simon Lowry, farmer, near Galt.

Struck by Lightning at Galt. Galt, Ont., June 6.—A very heavy thunderstorm, accompanied with hail, wind and lightning, passed over Galt about 4 o'clock yesterday afternoon. The dwelling house of William Mogg, St. James street, was struck by lightning early Sunday morning.

Opposition Leader Advocates a Dramatic Measure to Put Down Bribery.

Toronto, June 6.—Last night Mr. J. P. Whitney, leader of the Opposition in the Local Legislature, addressed a crowded audience in the Conservative Club here. He was preceded by J. J. Foy, Q.C., M.P.P., G. C. Munro, M.P.P., and Charles Calder of South Ontario.

Mr. Whitney, after a deserved compliment to Mr. Charles Calder, dwelt at length on the corrupt practices of the Government in South Ontario and other by-elections. He pointed out the ineffectiveness of a fine for bribery, and said the only cure for bribery was imprisonment as well as a fine, such as had been proposed in his bill on the subject at the last session. He said the Government had passed in a hurry at the close of the session was trenchantly dealt with. The immense acquiescence of the Government had been exerted in the by-elections, while the Opposition had no organization to deal with corrupt politicians. The question of the hour in Ontario was how to stop bribery. The man who offered and the man who took a bribe should be sent to prison, and there should be no respect of persons shown; the offenders, whether Liberals or Conservatives, should be dealt even-handed, impartial justice. He closed after a pertinent reference to the nominees of the Government of Ontario.

A strong resolution of confidence in Mr. Whitney, moved by Mr. C. C. Robinson, was passed, and the meeting adjourned.

BATONNETS USED AT BELFAST.

Nationalist Procession With Display of Banners—Several Coffins.

Belfast, June 6.—There were exciting scenes here yesterday afternoon in consequence of a Nationalist demonstration, headed by Mr. William O'Brien and accompanied by bands of music and the display of banners. The Protestants threatened trouble with the result that large bodies of police and military were stationed in the streets. Several coffins took place, and the infantry charged the crowd with fixed bayonets. Several persons were injured.

St. John's, Nfld., June 6.—The officers and crew of the Canadian steamer Gaspe, whose owners were recently condemned to pay \$12,000 salvage to the steamer Kilo, for towing the Gaspe out of the ice hole in the Gulf of St. Lawrence, have brought suit for four months' wages, aggregating nearly \$12,000, as they number 80 all told.

Major Hardinge is Dead. London, June 6.—Major the Hon. A. S. Hardinge, brother of Viscount Hardinge, and a distinguished soldier, died from his wounds in Hyde Park last Wednesday, after long illness.

5,000 Under Canvas. Niagara, June 6.—Canvas covered about 5,000 of the Canadian militia on the Niagara grounds here last night. The pick of Ontario's young fellows have gathered in the historical spot for drill.

Hugh Begley's Body Found. Midland, Ont., June 6.—The body of Hugh Begley, who was drowned in September, 1898, was found on Indian Lake, Saturday, and was brought here for burial yesterday by the City of Toronto.

A Successful Operation. They cut off his arm and his leg. They took out his jugular vein. They put four pills on his lungs. And they deftly extracted his brain. Toss a triumph of surgical skill. Such an operation was heard of only then. Toss the subject of lectures before conventions of medical men.

The use of this wonderful thing was rehearsed far and wide. But use for the patient, there's nothing to say. Watch out, of course, that by disk.

FIRE ON BENJAMIN ST.

Barn and Contents Destroyed—Horse Burned to Death.

Between the hours of 1 and 2 o'clock this morning fire destroyed a frame barn on the premises occupied by Mr. Duncan Eastley, Benjamin street. How the fire originated is a mystery, as when seen the structure was all ablaze. In the barn was some lumber, and Mr. Eastley, in the animal could not be rescued and its life was sacrificed. He lost, in addition, a buggy, cart, wagon, robes, harness, etc. The firemen, owing to the distance from the stations, were unable to save the place, but prevented the fire from igniting the house. Mr. Eastley estimates his loss at about \$250. He has an insurance of \$200 in the Queen's. The building was owned by Mr. Isaac Huffman, and was insured for \$100 in the Caledonia. The loss was probably double this amount.

## GREAT BRITAIN OR RUSSIA

May Possibly Purchase the  
Philippine Archipelago.

Even Germany May Make a Bid.—The President of the United States seems to be tired of carrying out Monarchical Ideas in Home Quarters. It is thought a Sale Would End the Trouble.

Washington, June 7.—Many solutions have been offered for what appeared to be the puzzling attitude of the Administration since recent discussions with the President General Otis by a number of countenances or by depicting the regular forces on the continent.

It is explained that the reason the President finally announced that no oil would be leased, although he knew that the oil contained 15,000 men necessary to subjugate the Philippines, was that the Chief Executive did not wish to give the country an illustration of the difficulties of compromise.

There is now current in high circles some mysterious talk about another renouveau, and that is the sale of the Philippine Islands to Great Britain or Russia. Despite the manifested uncertainty by American diplomats over the German purchase from Spain, there is really not only chagrin but distinct anxiety also. The Caroline and the Laodromes form a cord around the Philippines. Germany's engagement to protect Spanish naval stations can only become an alliance between the two countries.

Germany Won Mer Point.—The chagrin is felt because the peace commissioners at Paris yielded to the sympathetic overture of Germany not to strip Spain of all her Pacific possessions, and now she has directed herself to them to our possible disadvantage. Hence the rumors that negotiations have been pending for a transfer of the Philippines to Russia or Great Britain receive credence.

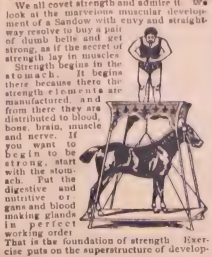

It cannot be stated that Russia is showing any eagerness to invest, for the islands are far south of "her sphere of influence in China." The interest of Great Britain in all around them, and her watchfulness of Germany's movements in colonial expansion may make her the ultimate purchaser.

There has been something peculiar about White House news for weeks, and the air is being burdened with a secret state which has characterized high officials. The explanation now asserted in well informed circles explains several matters, whether all the facts be correct or not.

The President knows that he cannot emerge from all the dilemmas arising from his Philippine experiments by selling the islands unless he first subdues the inhabitants by diplomatic blandishments or force of arms. He yet relies upon the good offices of the Sherman commission.

Germany Playing a Part.—With peace thus secured, it is claimed, he would wash his hands of the whole distracting subject by a sale to some foreign power. The strongest notion of the moment is that Germany is playing a part.

**THE CHIEFTAIN'S MEMORY.**

Decorative Day for the Macdonald Monument in Toronto Queen's Park.

Toronto, June 7.—Thousands of the good citizens of Toronto assembled in Queen's Park yesterday afternoon to witness the decoration of the monument erected to the memory of Sir John A. Macdonald.

Seven years ago yesterday the great statesman passed away, and the popularity of this annual commemorative, inaugurated by the Toronto Conservative Club, is evidenced by the increased interest it arouses this year.

Among the chiefs of the Conservative party present were Hon. Sir Charles Tupper, M.P., J. P. Whitney, M.P., Mr. E. F. Clarke, M.P., Mr. J. P. Foy, Q.C., M.P., Dr. Roche, M.P., Mr. G. V. McInerney, M.P., Mr. H. A. Powell, M.P., Hon. T. C. Cairns, M.P. Prior to the decoration ceremonies, which began shortly after 4 o'clock, a reception was held in the rooms of the Conservative Club in the Toronto Arcade.

The floral tributes were splendid and

very numerous. Handsome wreaths were sent by all the ward Conservative associations of the city, the Conservative Club, the Albany Club, the House of Commons, the Macdonald Club, the Central Conservative Association and many private individuals. That from the Conservative Association was a very beautiful motto, "British Subjects, 1818 to 1907."

Mr. Dumas presided over the proceedings, and the numerous addresses were delivered by Hon. Sir Charles Tupper, Mr. Whitney, Dr. Roche, Mr. Clarke, Hon. T. C. Cairns, Mr. McInerney, Mr. H. A. Powell and Mr. J. P. Foy. The greatest enthusiasm prevailed throughout.

The Kingston Ceremony.—Kingston, June 7.—In accordance with their annual custom the Macdonald Club of Kingston yesterday afternoon decorated the grave of Sir John Macdonald in Central Cemetery. Wreaths were deposited upon the mound by representatives of the Macdonald Club and the Conservative Association of this city and the Conservative members of the Dominion Parliament.

Mr. Mackie offered the opening prayer. In his address, as president of the Macdonald Club, Sir J. Mackie said that while the living Sir John Macdonald would be lost, the characteristics which endeared him to his contemporaries would gradually fade out of memory, and yet more would be gained than would be lost, for an ideal would arise more truly conveying to posterity his lofty spirit and his genius as a constructive statesman.

Mrs. Mitchell Howard presided. Alliston, Ont., June 7.—Mrs. James Mitchell of this town committed suicide by jumping in the river here last evening. Cause, temporary mental derangement, induced by ill-health.

Left the C.W.A.—Montreal, June 7.—The Y. M. C. A. bicycle club, which is affiliated with the Montreal Wheelmen's Association, is about to secede from the association because the association has sanctioned racing in Quebec.

Scuttled and Kettle Wound.—Brookville, Ont., June 7.—As a result of a scuffle yesterday between two men on a bridge, one of them was scuttled and the other was wounded.

Saturday afternoon. A reply is breath-  
lessly awaited. It is a good while since  
we had any really good baseball in Bel-  
leville, and public interest is keenly aroused.

Arrangements are being made for six  
test races to take place in the Solent

Prince of Wales' cutter Britannia and Sir  
Thomas Lipton's Shamrock, challenger for  
the America's cup.

sold \$45,000 worth of seats for the Fir-  
st annual Jockey contest, which takes place to-  
morrow night. Betting is 2 to 1 on a  
five.

"Pittsburg Phil" (Geo. E. Smith)  
cleared up \$200 on a single race at  
Gravesend Monday.

### Investigate.

Many men imagine themselves hard to  
fit—their tailor told them so. Our sort of  
study-to-measure clothing would probably  
change that notion as well as the notion  
that a custom tailor gives better cloth,  
better trimmings, better cut. Because his  
charges are thought to be too high, they  
go to a ready-made tailor for their suits.

### THE ISLAND PARK.

Some of the Rules Which Will be En-  
forced for the Public Good.  
This beautiful resort never looked better  
than at present, and is visited daily by a  
large number of our citizens who desire to  
seek a cool and refreshing breeze, and  
there will no doubt be a large number  
present to-night, being the first appearance  
of the band. In order to protect the  
band, the following notice has been placed  
up in a conspicuous place:

Any improper conduct on the Park, in-  
jury to trees and shrubbery, removal of  
property from the park, or removal or dis-  
placement of property of damage of any kind  
will subject the offender to prosecution.

It is also to be noted in connection with  
the matter that boys will not be permitted  
to bathe in the vicinity of the Park.

### A DISTINGUISHED PARTY.

The Minister of Public Works Wel-  
comed and Shown Some of the  
Beauties of Belleville.

The Minister of Public Works, the Hon.  
J. Israel Tarte, arrived in the harbor on  
the Government tug John Pratt about 7  
o'clock last evening. Mr. Tarte is on his  
way to Port Colborne, the western terminus  
of the Welland Canal, to inspect the public  
works there in progress. He is accompanied  
by Mr. J. J. Hadden, an engineer of his  
department, and his Secretary. Two of  
his daughters and one of his sons are also  
of the party. Learning of the arrival  
of the distinguished company,  
Mr. H. Corby, M.P., Hon. Worshipful Mayor  
Johnson, Geo. Wallbridge, Esq., Chair-  
man of the Harbor Commissioners, and  
Major J. L. Bigger proceeded to the wharf  
to call upon them and give them a wel-  
come to Belleville. Mr. Corby and the  
Mayor accompanied the Minister and his  
family in a drive around the City and to  
the park, where the excellent work  
accomplished by the dredge, so kindly lent  
for use in the harbor by Mr. Tarte, was  
pointed out. None of the party had been  
in Belleville or through the Bay of Quinte  
before, and all expressed the pleasure  
the trip had given them and their admira-  
tion of the City and the scenery surround-  
ing it. Mr. Tarte was very much interest-  
ed in learning of the establishment of the  
rolling mills here and of the charcoal iron  
works at Deseronto. The trip went  
smoothly and an early hour this morning.

### LOOK OUT FOR IT.

Counterfeit Money is in Circulation  
in This Vicinity.

There appears to be considerable ap-  
parent money in circulation in this vicinity,  
and people who are not carefully watching  
the silver which is offered them.

This morning a woman offered the Mar-  
ket Clerk a bad quarter in payment of mar-  
ket tolls. The bogus coin is a good imita-  
tion of the genuine and had a fairly good  
life, but was dark in color and could be  
easily seen. The coin was confiscated by  
the police, but as the lady in question was  
evidently innocent party no action was  
taken against her.

### IT'S ON TIGHTER THAN EVER

Was the Statement of the  
Trackmen's Executive.

"We're Quite Satisfied With It," Says  
the Grand Trunk Management—Track-  
men's Executive Says No Settlement.  
Will Be Considered Unless It Is in  
Writing. Unsettled in Toronto That the  
Company Is Trying to Settle.

Montreal, June 8.—"The strike is on  
again tighter than ever."—The strikers' com-  
mittee.

"We are quite satisfied with every-  
thing,"—The Grand Trunk.

That is how matters stood last night  
in connection with the difficulties between  
the Grand Trunk and the Trackmen's Union.  
The strike inaugurated by the latter  
last night was continued today, and  
called off on Saturday last was yesterday  
morning officially declared on again, and  
the men once more announced to lay  
down their tools and quit work.

Mr. Love says that when it was found that  
some were accepted and others rejected,  
indignant protests were telegraphed to  
headquarters, and they responded to these  
by issuing an official notification from  
headquarters ordering a resumption of  
the strike. A call at the offices of the  
Grand Trunk revealed the fact that the  
management regarded the strike as over.

The men who have come out the second  
time have nothing to look for from the  
company, who say that, with the new  
labor they have secured during the time  
the strike was in operation, and with the  
men who returned to work and have re-  
mained faithful, they have practically all  
the men required for their purpose at  
present.

### A Settlement in Writing.

The executive committee of the Grand  
Trunk trackmen claim that nearly all the  
men on the system have again gone on  
strike. The executive say that no settle-  
ment will now be considered unless it is  
in writing. The Grand Trunk officials  
apparently do not attach much importance  
to the latest developments, and say that  
they can get all the men they require.  
They don't much sympathize that any  
provision were given.

### New Trying to Make Terms.

Toronto, June 8.—Late last night there  
were a few new developments in the end  
of the Grand Trunk Railway trackmen's  
strike which go to show that the officials  
are doing their utmost to get the men  
back again. All efforts so far have proved  
unavailing, and the men are still not at  
work. The men say here that to their  
knowledge not a man has resumed his  
work since the strike was commenced, and  
that only 60 trackmen are patrolling the  
middle division.

### The Men Had Their Eyes Opened.

James Irwin received the following  
telegram yesterday from the executive  
committee in Montreal: "Yes, things go-  
ing badly all over. Tell the boys to  
'Brothers turning out like boys. Hays  
helped more than hurt us. Will not de-  
stroy ourselves twice. Your response is  
gratifying; post us daily.'"

"Thanks. No return to work till signal  
and sound, sure."

### What the Officials Say.

The officials said yesterday that 60 per  
cent of the trackmen on the middle divi-  
sion went back at work, and that 400 men  
were on the middle division. That  
official said that the men were return-  
ing and the road was in a good con-  
dition.

Quebec, June 8.—The Lake Huron and  
the 2,300 lbs. Donkhorst are at Grand Isle  
Quarantine Station, and will be detained  
in quarantine for three weeks.

case of smallpox revealed itself, and it  
was thought best to detain the ship.  
A great reception was in store for them  
last night, and the new Prince  
Hilkoft, Mr. Evans and Mr. Elkinton  
of Philadelphia, representatives of the Soci-  
ety of Friends, had been absolutely  
distributed funds which had been  
subscribed for them.

### Monks on the Warpath.

Kingston, June 8.—Mail advices  
from the Mosquito Coast say the Indians  
there have rebelled against the Govern-  
ment of Nicaragua, are taking the  
path and are sending a delegation to  
involve Prince Clarence to head the rising,  
which, it is added, will prove whole-  
financial support from the foreign resi-  
dents of the Mosquito Coast. Prince  
Clarence is now at Kingston, but he recently  
declared he would never break faith with  
the British Government, preferring his  
own retirement here to active life as  
King of the Mosquito Coast.

### Death of Augustus Daly.

Peter, June 8.—Mr. Augustus Daly,  
the celebrated theatrical manager of  
New York and London, died suddenly  
yesterday afternoon. Mr. Daly's death  
was due to heart failure. Mr. Daly was  
born in Plymouth, North Carolina, July  
30, 1838. For several seasons he managed  
the Grand Opera House in New York.

### Had a Rib Broken.

Niagara Camp, June 8.—Only one  
accident of any moment has occurred,  
and the victim is Pie Hoffman of the  
Red Dragons, who was tending his  
booth when the animal kicked him, and  
he was injured. He is getting along  
all right. The boat was intense yesterday,  
and there were several prostrations.

strations took place here yesterday, grow-

with police and many arrests were made.

### Wishes Two.

"We shall consider the Government invita-  
tion to their next party," wheedled Mrs.  
Gazman.  
"That's odd," replied Mr. Gazman.  
"You are playing so thoroughly."  
"But I shouldn't enjoy it tomorrow  
night, for I'm so homesick I can't speak about  
a thing."

## THOSE CRUEL CAR WHEELS

Crushed the Life Out of Poor  
Willie Joyer.

A Terrible Accident on the Line of the  
Grand Junction Railway—A Warn-  
ing to Boys in That Vicinity.

"It was my own fault; don't blame  
anybody else," was almost the last words  
of poor Willie Joyer, who was the victim  
of a terrible accident on the line of the  
Grand Junction Railway near Wharf at  
last night shortly after 6 o'clock.

It appears that the unfortunate lad, who  
was 16 years of age, in company with other  
boys, had jumped upon a car which  
was being shunted upon the switch at  
Wharf at last night.

The engine, after taking the car up as far as Wharf at  
and giving it the momentum to send it  
backward upon the switch, was detached  
and proceeded up Pinnacle at the car  
upon which the lad was standing.

Another car, and the sudden jar sent them  
both off their feet. Bogg seemed to be  
catching a railing and in this manner saved  
himself from injury. Young Joyer was  
less fortunate, and he was thrown off, his  
left leg striking on the rail near the wheel.

Before he was able to extricate himself the  
rear wheels of the car caught him and he  
was dragged some 20 or 25 feet. While  
he was thus being dragged the cruel  
wheels were doing their deadly work of  
grinding the flesh off the lad's limb.

His screams, and those of his companions  
who saw the accident, attracted the  
attention of some men and women, who  
ran to his assistance. In the meantime the  
car had come to a standstill, but not until  
it was thus being dragged the cruel  
wheels were doing their deadly work of  
grinding the flesh off the lad's limb.

## COUNTY CONSTABLE JOHNSON ROASTED

County Councillors Say Some Pretty  
Hard Things About Him.

At the County Council meeting this  
morning Mr. Doyles brought to the notice  
of the Council the fact that County Con-  
stable G. J. Johnson, who had been re-  
elected to the office of a reward list by  
statute for the conviction of a horse thief.  
Last summer the Constable succeeded in  
working up a case against a boy, accusing  
him of horse stealing, and he (the Con-  
stable) received the reward. There was on  
the part of the boy no intention whatever  
to steal, as he took the horse to have  
a ride and remained at a house near by  
at night. Mr. Johnson, in his opinion, had  
no legal right to receive this money. Other  
members of the Council had also worked up  
for the purpose of securing costs. He moved  
that a Committee composed of Messrs.  
McFarlane, Holmwood and Jones be ap-  
pointed to look into this matter.

Mr. McFarlane was in hearty accord  
with the resolution. The action of Mr. John-  
son in the case was a piece of rot. The  
parties did not desire any prosecution in  
the case.

The Warden said the constable was the  
greatest nuisance the County had. He  
would support the motion.

Dr. Faulkner and Mr. Pearce spoke in  
support of the motion, which prevailed.

Boys' Velvet Suits For \$3.00.

only have some 22, 24 and 26 left, and  
will clear them at \$3 the suit. If you are  
looking for snaps see these suits.

## TROUBLE AT GANANOQUE.

Armed Men Drove Away Strange  
Trackmen.

(By Associated Press To-day.)  
Gananoque, Ont., June 9.—Yesterday  
a number of men with two police detectives  
arrived here from Montreal to take the  
place of striking trackmen, but last night  
a crowd of men numbering about two  
hundred and fifty, all well armed, drove  
out to the Junction and ordered them  
to depart. Time was given them in  
which to get out to Kingston to take  
their cars away. When the engine arrived  
the men departed as ordered, amidst the  
jeers and taunts of the crowd, but it is  
learned to day that they returned with  
the local police protection. In all prob-  
ability the trackmen's sympathizers will  
resemble to night and attempt to remove  
the car from the tracks.

## A BROKEN COUPLING

Creates a Good Deal of Excitement on  
a G. T. R. Express Train.

The passengers on the Grand Trunk  
limited express which went west this after-  
noon, had an exciting experience. When  
about Vandewater's Crossing the engine  
which connected the engine  
with the rest of the train, and the four  
cars came back under the grade at a high  
rate of speed. The stops of the cars were  
crowded with passengers, and it is safe to  
say they were very glad when the cars stop-  
ped, and just the other side of the overhead  
bridge.

## Glorious News

Comes from Dr. B. B. Cargile, of Washita,  
I. T. He writes: "For the last few years  
Electric Bitters has cured Mrs. Brewer of  
scrofula, which had caused her great suffering  
for years. Terrible sores would break out  
on her head and face, and the best doctors  
could give no help; but her cure is complete  
and her health is excellent." This shows  
what thousands have proved, that Electric  
Bitters is the best blood purifier. It  
stimulates liver, kidneys and bowels, ex-  
pels poisons, helps digestion, builds up the  
weak, and cures all skin diseases. Sold by J. S.  
McKeown, Druggist, Guaranteed.

## Orangemen to Celebrate.

At the semi-annual meeting of the  
L. O. L. District No. 2, South Hastings, it  
was decided that the lodge of the district  
would go to Foxboro this year to join their  
brethren there in celebrating the anniver-  
sary of the Battle of the Boyne. About  
thirty-five members were present at the  
meeting, the chair was filled by the Dis-  
trict Master, Mr. W. H. Carleton, and  
everything passed off very pleasantly. The  
proceeds of the dinner this year will go  
towards paying the debt on the lodge hall  
at Foxboro.

## EDMONTON TRAIL HORRORS.

200 Mining Prospectors Have  
Lost Their Lives by Drowning.

Vain Endeavor of American Miners to  
Reach the Yukon Gold Fields by the  
Canadian Route—It Is Hard to Find  
the Names—A Grievous Story  
Brought from the North by the  
Steamer Louisa.

Seattle, Wash., June 9.—The steamship  
Louisa is in port from Wrangell,  
Alaska, with news of the death and  
suffering of American miners who tried  
to reach the Klondike gold fields over the  
all-Canadian route from Edmonton. Sev-  
eral hundred men perished during the  
winter, after spending from 12  
to 20 months on the trail in a vain  
endeavor to reach the gold fields.

They say that no less than 200 pros-  
pectors miners have lost their lives by  
drowning, starvation, exposure and  
fading during the past winter. Most of these  
were Americans from the eastern States.  
Scarcely a day passes without news of  
men who are still on the trail, and before relief  
can reach them many others will have  
died.

The Hudson Bay Company and the  
Northwest Mounted Police have started  
small relief expeditions from Toronto and  
Creston. Government action on a large  
scale will alone rescue hundreds who are  
unable to get out of the country by their  
own resources. The list of dead from  
various causes furnished by miners who  
have reached Wrangell numbers as follows:  
It is extremely difficult to secure names,  
although miners tell of many accidents  
which cost the lives of parties of five and  
ten.

Identified Dead.  
The identified dead are: Browned—C.  
B. Preston, Trenton, N.J.; Harry Hitch-  
cock, Texas; F. L. Bremner, Brooklyn,  
N.Y.; Preston, Philadelphia; Capt. Mason,  
Alaska; C. P. Smith, St. Louis; H. P.  
Munson, Chicago.

Presumed—Dan Taylor, Nanaimo, B.C.;  
James Monak, San Francisco; E. C. John  
Paine, Vancouver, B.C.; Leighton,  
Victoria; H. Beardon, Cincinnati; J. P.  
McCrumb, Hingham; Robert Tonslin,  
New Mexico.

Survived—Fritz Klingman, Buffalo;  
James Monak, San Francisco; E. W.  
Thomas, Los Angeles.  
Starvation—W. Z. Brook, P. Neely,  
Seattle, Wash.; C. Richter, New York;  
Arthur M. Collins, British Columbia.

Exposure—Valentine Wendler, Phila-  
delphia.  
Fifty miners lost their lives by drown-  
ing on Great Slave Lake. Of these but  
three are known by name. The others  
foundered when a great distance from  
shore and no one knows the identity of  
the unfortunate miners. Many others  
were drowned while fording various  
rivers. Boats were wrecked while trying  
to shoot the rapids of the Mackenzie and  
Nelson rivers, and parties of from two  
to five were lost.

Fuller details of the deaths by scurvy,  
exposure and starvation will be  
when a party of miners, now fighting  
their way out of the country, arrive.

## ALASKA BOUNDARY.

No Settlement Reached, But an Arrange-  
ment Made Which Is to Last  
for Two Years.

London, June 9.—The correspondent  
of the Associated Press learns upon high  
authority that the Alaskan modus  
vivendi has not been settled, but the  
question has been settled, but simply that  
a temporary boundary has been ar-  
ranged and will be preserved for two  
years, which interval will be available for  
the settlement of the main question at  
issue.

## PAUCOFECT TO THE RESCUE.

London, June 9.—The Birmingham  
Post says it is asserted in official quarters  
that Sir Julian Paucotfect will leave The  
Hague as soon as the peace conference  
will permit, and come to London for the  
purpose of having an interview with  
Lord Salisbury and Ambassador Choate  
on the Alaskan boundary question.  
According to The Post, it is authorita-  
tively said that much difficulty arises  
from the misinterpretation of a Canadian  
despatch on the subject, but the proposed  
discussion of the matter by the Premier  
and the two ambassadors will probably  
arrange this.

## OUR CITY FATHERS

### Had a Brief Session Last Night.

#### The Mayor Hands Down a Message—The Waterworks Likely to be Taken Over on July 1—The Opening of George Street.

The Council proceedings last night were brief, the whole business being transacted within an hour. The only important legislation was the second and third readings of the Waterworks By-law, on the passage of which the City will become proprietors of the plant.  
Under the head of communications Mayor Johnson read the following letter relating to the purchase of the Waterworks system:  
To the Members of the City Council.  
GENTLEMEN,—Under the By-law for the purchase of the Waterworks, sanctioned by the vote of the qualified rate-payers on the 28th of May, 1899, the management of the Waterworks is to be placed in the hands of three commissioners, one of whom is to be the Mayor, ex officio, and as required by the Municipal Act, the others are to be elected by the people annually "at the same time and in the same manner as the head of the Council." The Solicitor for advice me that an election for Commissioners cannot take place until next January, consequently it will be the duty of the City Council to take the necessary steps and direct their operations until that period arrives. A convenient time for the City to assume control will be the first of July, which is the end of the half year of the contracts between the Company and the consumers. I would suggest that the City Treasurer be appointed the treasurer of the Waterworks, and that the City Engineer and accountant for the Waterworks Department, by whom all moneys shall be received, and by whom, after due authority, all disbursements shall be made. The Treasurer's bonds would cover this portion of the City's revenue, as well as that for which he has given a guarantee in the past. This amalgamation of offices will not entail upon the Treasurer too much labor, and will be a direct saving at the very outset of the City's management of the Works. A separate set of books and a separate bank account should be kept for the Waterworks Department. With this recommendation, I report some time with the City Treasurer in the Waterworks office on Saturday last, and we have formulated the plans for the necessary books of account, as well as the method of conducting them.  
Since the By-law was passed I have been in communication with several cities with respect to their Board of Commissioners. Some cities pay a small salary to each Commissioner, but I think it better to pay them nothing. I would suggest that no salary or fee be attached to the office of Commissioner in Belleville. The position will bring to the most elected as much honor and prominence as come to members of the City Council, who serve the public without reward, while the duties will be no more onerous. I think it would be well to have, as far as possible, continuity in the office of Commissioner, which will insure stability and foresight in the management. I may be wrong, but we shall be so fortunate in our choice of Commissioners, and that the Commissioners chosen will be so interested in this work, by reason of financial results, that the same men will, as is the case in other cities, be in the office term after term. The people, however, will have that matter in their own hands.

Following the final passing of the By-law this evening will be the printing and sale of the debentures. The latest sale of a large portion of debentures in the Province was by the City of Ottawa on the first of this month. Debentures bearing the same rate of interest as ours will, namely, 3 1/2%, were sold at par.  
By assuming the Waterworks, the City has practically gone into business, the object being to insure for the people the profits accruing from the consumption of water in our community. There are enterprising and successful, but prudent and public duties. I do not doubt that from among such men we shall always find two with sufficient public spirit to interest in our rate of taxation, from the fact that they are property owners, who will, with the Mayor for the time being, furnish us with a Board of Water Commissioners whose management will be as successful and profitable as that which other cities have experienced.

J. W. JOHNSON,  
Mayor.  
Council Chamber, Belleville, June 12th, 1899.  
Other communications were:  
From Mr. F. Dolan, stating that he would build cement walks, same as City Surveyor built last year, at 11 cents a foot if Council furnish all materials.  
A petition was presented from a number of ratepayers on Orie, asking that the sidewalk on the east side of the street be removed, when same is replaced it be laid outside of the street.  
The Clerk presented a report of the vote upon the purchase of the Waterworks.  
A communication was read from a number of ratepayers, asking that as the well at the Montreal Bank had been closed to the public, the Council sink one at the corner of Victoria ave. and the City Hall. These were referred to their respective Committees.

## EXCITEMENT

### RUNNING HIGH

Among the Grit Party Healers in Can-tilton—The Postmaster of That Thriving Burg Has Resigned.

Whoever saw a Grit politician yet who was not willing to sacrifice himself for his beloved country—when there was a dollar or two to be made?

The salary of the Postmaster at Canifton is a trifle less than that of the Postmaster General, but what do public-spirited Lib-eral care about money? Perish the thought. All they want is "cold justice." That is the reason why so many of them—rumor says about a dozen—are pulling wires and actually falling over each other in their efforts to capture that rich prize—the postmastership of Canifton. All other great events now transpiring in the world pale to insignificance in the eyes of the Liberal residents of the southern part of Thurlow township—they care nothing for the Peace Conference, or affairs in the Transvaal, or the Gertymander; not even the fact that Hon. Mr. Tarte has thrown another insult at the Metch lists; the question of the hour with the local members of the Great Liberal Party at Canifton is, "which of us is going to be Postmaster?"

## Some Men Who Don't Know

Have an idea that all ready-made clothing is alike, and they go on blindly paying high prices to the custom tailors, when they could get the same fabric, the same fit, and the same quality at the City Hall for half the price. If you are looking for shoddy we don't want your trade.

## Assay Office Notes.

The Government Assay Office has recently received zinc ore for assay from the Katherine mine near Millbridge, which shows 55% zinc besides small gold and silver values. Such values, together with a body of ore, tend to prove that the property is worth investigation.

K. Otter, Northport, and J. Worden, Pictou, called at the Assay office on business, and went on through Cashel, Grims-thorpe and Marmora townships looking over mineral properties, and report favorably on some properties.

## DEFEAT OF PREMIER DUPUY.

### He and His Colleagues in the Ministry Have Resigned.

The reports of the various Committees, as already published, were read.

On motion the Council went into Committee of the Whole on the report of the Committee on the Waterworks.

The Executive Committee's report was first taken up, and the various accounts were passed.

The clause in the Public Works report, that Queen street be repaired after Frost is finished, was passed.

The account of Messrs. Alford & Lear for \$107.40 was ordered to be paid.

On motion the Committee rose and re-ported. The report was received and adopted.

Under the head of enquiries, Ald. Doyle asked in reference to the repairing of the sidewalk near the upper bridge, and about a broken plank on Batesat.

Ald. Harker promised to attend to these matters.

Ald. Pantor asked what had been done in reference to opening up George street.

Ald. Hungerford stated that Mr. Sils wanted \$400 and no less for the land necessary to open the street. If this offer was not taken, Mr. Sils would force it up.

Ald. Robinson enquired what progress had been made by the Street Surveyor in reference to the widening of the street.

The Street Surveyor said a number of petitions were at present being circulated.

On motion Mr. C. P. Holton was heard in reference to his claim for the remuneration of \$200 on his well property. He stated that in 1893 the Council had granted him a remission for five years if he did certain work and employed a certain number of men. Owing to lack of water one year he was unable to do so, and the Tax Collector was pressing him for taxes for the year 1897.

At the suggestion of the Mayor the matter was referred to the Executive Committee, to be considered by it at the next meeting.

## INTRODUCTION OF THE BY-LAW.

The By-law for the purchase of the waterworks plant was, on motion, read a second and third time and numbered 925.

On motion the Council adjourned.

Ald. Pantor moved, seconded by Ald. Jones, that the City Surveyor be authorized to close up a street where the steam roller was at work.

Ald. Starling said the Street Surveyor had been thus authorized, but he did not believe in making this a cast iron rule. It was very inconvenient to merchants, and even others, to close the street up entirely.

Ald. Pantor said he brought this motion in to prevent any accident. One occurred to-day, whereby a plate glass window was broken.

Ald. Harker thought this matter should be left in the hands of the Street Surveyor who could judge as to the best mode to be adopted.

Ald. Bogart and Robinson supported Ald. Starling's contention.

The Street Surveyor said he could not allow people to drive over the roads while they were being repaired. He had put up hurdles and signs in reference to the roller.

The City Solicitor said the Street Surveyor might close a portion of a street, but not entirely without giving thirty days notice.

The motion was withdrawn, and the matter left in the hands of the Street Surveyor.

Ald. Starling gave notice of a motion that George street be opened up to Maria. He stated that he would press this at next meeting of the Council.

These in attendance were: Mayor Johnson, Aldermen Pantor, Doyle, Taylor, Bogart, Starling, Hungerford, Harker, Robinson and Jones.

## A CURIOUS CASE.

Who Were This Man's Accusers?

A case was ventilated in the police court this morning in which the defendant was not only exonerated from the offence charged, but there appears to have been no grounds for the complaint. William Lucas, of Thurlow, a hard working and sober man, was charged with assaulting and beating his wife. Mrs. Lucas, when placed in the box, swore that there was no truth whatever in the charge, as did Mr. Lucas. Some of the neighbors were called, but all denied any knowledge of the assault. The Magistrate immediately dismissed the case. Mr. W. P. McMahon appeared for Mr. Lucas. It is the intention of the latter to use every means to find out by whom the charge was laid.

## Investigate.

Many men imagine themselves hard to test—their tailor told them so. Our sort of ready-to-wear clothing would probably change that notion as well as the notion that a custom tailor gives better cloth, better trimming, better cut. Because he charges more for his goods, it is no reason that he does not. Investigate for yourself.—QUICK & ROBERTSON.

## The Caterpillar Pest.

In view of the caterpillar pest which is now so prevalent in the section of the country at present, any remedy which will effect a cure is eagerly sought after. It is said that those, the trunks of which are encircled by common fly paper, are completely protected from caterpillars.

## DEFEAT OF PREMIER DUPUY.

### He and His Colleagues in the Ministry Have Resigned.

President Loubet, Who Is Thought to Have Foreseen the Ministry's Downfall, Accepts the Resignations—Consent to the Composition of the New Cabinet—M. Dupuy Says Luckier But No Braver Man May Be Called.

Paris, June 13.—The Chamber of Deputies was crowded yesterday, and there was considerable suppressed excitement when M. Vallat, Socialist, interrupted the Government on Sunday's "poules oranges" at the Pavilion d'Armenans, and demanded to know the instructions the Government gave the police in regard to the Socialists, who he said, during the republic against the reactionaries.

The Premier, M. Dupuy, replied, saying that the Government was not prepared to discuss the matter until the Chamber had voted on the Sunday's "poules oranges" at the Pavilion d'Armenans.

The Chamber adopted the motion by a vote of 321 to 178.

The Ministers forthwith left the House amid immense cheering, the Socialists shouting "Vive la Republique!"

The Ministry Resigns.

Premier Dupuy has tendered his resignation to the President.

Loubet Forwards Dupuy's Resignation.

President Loubet has accepted the resignation of the Cabinet Ministers and has requested them to remain in their offices until their successors are named. It is presumed that Loubet will summon the presidents of the Chambers to-day in order to consult with them the formation of a new Cabinet.

On leaving the Chamber, M. Dupuy observed a group of Deputies in the lobby: "We hand over the business to luckier but not to more courageous men."

The general impression is that the crisis will not last beyond Wednesday. M. Loubet having foreseen, it is said, the fall of Dupuy at an early date, having already considered the composition of the new Cabinet.

## WHO STOLE THE DOCUMENTS?

Wicked Newspaper Men Got Hold of Hague Conference Secrets.

The Hague, June 13.—The drafting committee of the arbitration committee of the peace conference met yesterday and continued the discussion of the arbitration schemes. The delegates, not having received additional instructions from their respective Governments, the committee adjourned until Friday without further progress.

The discussion as to furnishing the newspapers with abstracts of the proceedings developed a remarkable scene. M. Bernier, head of the Belgian delegation, on rising to speak, addressed M. de Staal, and in the most pointed manner said that publicity might as well be granted, as certain documents had been published in the newspapers. "Some of these documents," he said, looking M. de Staal full in the face, "were stolen. I have heard from M. de Staal, but I cannot believe this, feeling sure that the visitors to the Auldik Hotel are all far too honest to stoop to theft."

M. de Staal received these remarks in silence.

## They Will Give Out the News.

The Hague, June 13.—At an adjourned meeting of delegates to the peace conference, under the presidency of M. de Staal yesterday morning, it was resolved to furnish the newspapers with statements of the proceedings of the committees, as well as of the plenary sittings.

## Wesley's Warlike Work.

London, June 13.—Commander-in-Chief Wolsey has been busy for several days and evenings at the War Office, preparing for eventualities in South Africa. The effective lists of the first-class reserve have been prepared and transferred to the first army corps has been provisionally arranged. The officers on furlough have been ordered to return to their regiments. The general trend of news, however, is more peaceful.

## It Will Cost Lipton \$40,000.

London, June 13.—It is said the American cup challenger Shamrock will be launched about the beginning of July, the progress of work on her being retarded by the fact that the designer, W. Fife, Jr., is suffering from influenza.

According to estimate, the contest, from first to last, will cost Sir Thomas Lipton about \$40,000. Sir Thomas Lipton has invited Lord Russell of Kilworth, viceroy of the Lord Chief Justice of England, to christen the Shamrock.

## Gone to Seek the Pole.

Christiana, June 13.—The Stella Pole, with the Duke of Abruzzi, nephew of the King of Italy, and his Polar expedition on board, sailed at 11:30 yesterday morning from this port.

## DAVIS SHOT HIMSELF.

A Well-Known Resident of Niagara-on-the-Lake Attempts Suicide.

Niagara-on-the-Lake, June 13.—William Davis, a well-known resident of this town, attempted suicide last night by shooting himself. He placed a .38 calibre revolver behind his ear and fired the bullet into his head. It cleared the brain and fractured the base of the skull, and caused other serious injuries, which may prove fatal. The act was committed at the house of his sister, Mrs. Harvey. Davis is a single man and is about 40 years of age. He is fairly well known, and is said to have suffered a financial reverse lately, but this is not confirmed. He has been unwell for a month or more, but his relatives can assign no cause for his rash act.

## Old Lady Threatened to Death.

Hatfield, June 13.—The residence of Jeanne Paris at Goldenville was destroyed by fire yesterday afternoon. Her mother, a lady about 80 years of age, perished in the flames, though every possible effort was made to rescue her.

## Dead for Eleven.

Toronto, June 13.—Edward Elliott lies in State in the City Hall, to be buried for a murder done in Haverdon Nov. 13. Yesterday Lawyer Gordon of Haverdon appeared before the Divisional Court at Goldenville Hall for a new trial, on the ground that the prisoner had not been sufficiently advised when he was arrested and while in custody. He did not think this evidence should have been used at the trial. Judgment was reserved.

For coughs, colds, bronchitis and all lung and throat troubles, there is no preparation of medicine so convenient with. Hickey's Anticongestive Syrup. It never fails to afford prompt and permanent relief. It soothes all sores, and heals the diseased throat. It immediately soothes the more troublesome cough, and by promoting expectoration, removes the mucus which stops up the air tubes with coldness, and thereby breathing, thereby giving relief to the depressing influence exerted on the chest. Public speakers and singers will find Hickey's Anticongestive Syrup an indispensable value, as it speedily and effectively allays all irritation of the throat and the throat and bronchial tubes, and gives power to the vocal cords, rendering the voice clear and resonant. It prevents colds, saves the lives of their children, and themselves from much suffering. It is a sure, let them preserve a bottle of Hickey's Anticongestive Syrup, and when the child has taken cold, has a cough or hoarse voice, give the Syrup according to directions. It is easier to be good than great—there is less opposition.

At Death's Door—Dyspepsia Conquered. A Great Medical Triumph—Continued. My medical adviser and others told me I could not possibly live when I commenced to use Northrup & Lyman's Vegetable Diet. For three years I could not eat meat and my weight decreased from 210 to 110 lbs. All the food I took for thirteen months previous to taking the Vegetable Diet was rejected. I was now entirely cured and have regained my usual weight, can eat anything with a relish and feel like a new man. I have sold thirty dozen Vegetable Diets since I cured me, and I am well known and pointed in this section. I know how low I was, and how I could possibly be cured. They are eager to try this great medicine. It certainly saved my life, I never expected to recover when first I commenced using it. I am not exaggerating anything, but feel glad to be able to contribute this and trust it may be the means of convincing others of its merit as a certain cure for dyspepsia. Laid Yesterday.

They had a gala day in Marmora yesterday. The corner stone of a new Presbyterian church was laid under Masonic

auspices by Grand Master E. T. Malone, of Toronto, assisted by Sir Mackenzie

Bowell and others from Belleville, Trenton, Stirling, Madoc, etc. Over a hundred

Masons were in the procession, headed by the Marmora band. Addresses of welcome were presented to Grand Master Malone

by the Municipal Council, Marmora Lodge and by Rev. T. G. Iskender, R. A., pastor of the Presbyterian church, of Belleville.

Mr. Malone ably replied. The large audience that witnessed the ceremony was subsequently addressed by Sir Mackenzie

Bowell and Mr. Malone.

#### Letter of Thanks.

Shannonville, June 10th, 1899.

To the Officers of Belleville Lodge, No. 37, A.O.U.W.

Pray convey to the members of your

order my thanks for the very prompt payment of the \$2,000, amount of Beneficiary

Certificate held by my late husband, the Rev. James Paul, whose death only occurred on 5th May last.

Wishing you all success in the good work being done by the order,

I remain,

Yours,

CATHERINE PAUL.

who always took an active and prominent part in the workings of the Order. The text was taken from two passages of scripture, namely: Acts, 5th Chap., 29th verse, and Job, 4th Chap., 2nd Verse, 17th verse. "Then Peter and the other apostles answered and said: We ought to obey God rather than men."

"Now the Lord is that Spirit, and where the Spirit of the Lord is there is liberty."

The reason he had chosen those words for the text was that the Society of 'Prentice Boys had chosen them for their motto.

There was no need to know what true liberty was. Liberty was a sweet word. It was through the death of the Lord Jesus Christ that we obtained true liberty. There were many who taught doctrine of false liberty

many who believed that they had true liberty by keeping some of the commandments.

If we believed in God and obeyed Him we would have that true liberty, which He desires we should enjoy. We should also be obedient to the state.

In His wisdom ordained Government. Disobedience to the state was also disobedience to God. Our motto should be "God and Caesar." This was Paul's command even when he was being persecuted.

In referring to the siege of Derry and the siege of Drogheda, the speaker said that gallant band handed down and bequeathed to the world the noble heritage of the Anglo-Saxon race. In conclusion he advised the members of the Order to be true to their principles, true to God and true to their country, and true to liberty which is the privilege of all to possess.

After the close of the service the brethren repaired to their hall, where for some time a social meeting was held. Right Worshipful Grand Master Bro. H. Angrove being in the chair.

Major Johnson was first called upon, and in a few well chosen words he extended to the Grand Lodge a very warm welcome to the City.

He referred to the various Grand Lodges which had met in the City during the past few years, and the recognition of the 'Prentice Boys' Grand Lodge would be no less hearty. Their order was commemorating the noble deeds done by a band of men 210 years ago, 210 years ago which gave us civil and religious liberties. It was but right to perpetuate their noble deeds. He was pleased to note, however, that the days of prejudice were passing away. We see Roman Catholics at the head of affairs. This is as it should be. He was proud to live in a country where such liberties as we enjoy were to be had; it was a glorious country, all classes and creeds brought together in harmony; a freedom which is unsurpassed in the world.

Mr. Wm. Johnson, Past Grand Master of Ontario East, made an excellent address, speaking of the work of the Society during the past few years. He said that the good accomplished by it. He said the proudest moment of his life was when in company with Sir Mackenzie Bowell he walked around the walls of Derry, and he said that he would like to go to the walls of Drogheda which looked those gates. They perhaps could not go to the walls, but he had the privilege of showing them a piece of stone taken from the walls. (Applause.) We are landed by it to perpetuate the deeds of our forefathers. The price of liberty is eternal vigilance. Their principles would never die.

Rev. V. H. Cowart spoke a few words, after which the Grand Master replied in an appropriate manner, especially welcoming the Mayor for the kind words of welcome. Messrs. R. H. and A. M. Ketcheson also spoke briefly when the proceedings were brought to a close and the Grand Lodge proceeded to business.

#### ANOTHER HORROR.

Twelve Dead Bodies Counted in a Heron

Omaha, Neb., June 14.—A tornado struck the town of Herman, Washington County, last night and wrought fearful destruction. A continuation of the storm from Sioux City, Iowa, says that a building is left standing in the town and that the bodies of twelve people are in the streets. The fatalities will probably number 50 or more. The entire eastern portion of Nebraska was being swept by a terrific rain, wind and electric storm last night. The streets of Omaha were flooded and the play of lightning was fearful.

#### PROBABLY DROWNED.

Mr. Prentiss, of Picton, is Missing, and Fears are entertained that he has met the Above Fate.

Picton, June 13.—Considerable anxiety is being caused by the disappearance of Mr. D. M. Prentiss, an old man who has lived in this town for the last 24 years.

He started last Tuesday morning from the bay in a punt to get a piece of timber that had bought of Mr. John P. Germain, who lives three miles down the bay. He expected to be gone for about two days. When that time had expired and he did not return the people got anxious about him. Mr. P. McAuley, who lives about seven miles from here, came to town and said he had found a punt on his shore, which answered to the description of the one Mr. Prentiss went out in, but he saw no sign of an occupant. As no word had been received about him it is supposed he has been drowned. Mr. Prentiss was 72 years of age and lived alone.

300 Have Been Swept Away—Nearly Every Family Suffered—Fifty-Four Bodies Have Been Recovered From the Debris—Another Tornado Horror at Herman, Wash. Co.

New Richmond, Wis., June 14.—One hundred and seventy-five killed and 300 wounded in Monday night's tornado, the estimate of casualties received at 11 o'clock yesterday by General Manager Scott of the Omaha road. The storm struck the town at 10:30 p.m. and followed the track to New Richmond 11 miles through New Richmond from south to north and then to the west, the city. People were panned in and buried alive. On the street from the depot to the hotel, the bodies of the dead were lying in the street. People were panned in and buried alive. On the street from the depot to the hotel, the bodies of the dead were lying in the street. People were panned in and buried alive. On the street from the depot to the hotel, the bodies of the dead were lying in the street.

Indescribably sad are the scenes of desolation wrought by Monday night's tornado, that has practically swept out of existence the prosperous little city of New Richmond. Out of 300 houses and store buildings, comprising the town, fully 200 were wrecked by the storm and destroyed by fire. Almost every family has one or more members among the dead, injured or missing. The bodies of the dead are lying in the street, and the bodies of the injured are lying in the street.

With frantic energy the search has been conducted all day, and up to 9 o'clock last night 54 bodies had been found, although the number of dead certainly will reach 100 or more. Those have for the most part been taken to the Catholic and Congregational Churches, which, although in very edge of the storm's path, miraculously escaped its fury. In these temporary morgues the sights are as ghastly as the hardest heart, as the grief-stricken living recognize in bodies, mangled and often dismembered, the remains of missing their ones. The wounded found temporary asylum in the uninjured dwellings on either side of the path of the storm, where doctors and nurses from local cities and towns are doing heroic work without sleep or rest. As many as possible of the injured, whose condition for some time seemed to be improving, are being sent to St. Paul and Minneapolis, where they will have better care.

## YOUR CHILDREN'S EYES

Should be carefully watched until  
the age of five. If the eyes can  
be kept in normal condition until then  
they will remain so throughout life,  
unless sickness or abuse injure them.  
Many hereditary eye defects may  
also be overcome in children if  
taken in time.  
We have had great deal of experience  
in children's cases.

## THE BOOM STRIKES BELLEVEILLE

One of Our Local Firms, Has  
Received a Big Order

For Mining Machinery—More Looked  
for in the Industry Developments.

That the mining industry of Hastings  
County is going to boom before very long  
is apparent to everybody, but what con-  
cerns the citizens of Belleville chiefly is  
that the effects of the boom are beginning  
to be felt very soon. The Mac Machine  
Company has received an order for a  
complete plant for the Cathlamet Lead  
Mine, situated near Bancroft, Ontario,  
consisting of a steam boiler, rock drills,  
and other mining apparatus, and this  
morning Mr. C. O. Macdonald, who is not  
for long an exceptionally clever  
machinist, went out there to put the plant  
in position. Taking everything into con-  
sideration, it looks as though good times  
were dawning for Belleville once more.

## Nice Grey Worsteds Suits.

For the summer and fall there is nothing  
quite as cool and comfortable as a nice grey  
worsted suit. The Oak Hall have them in  
different shades and made in sack, double  
breasted and skirt coats. The suits are  
fine in quality and cost \$20 made to order.  
Our price is \$10 and we guarantee fit and  
make equal to best tailor-made.

## THE IRON WORKS.

Very Steadily and Quietly the Work  
is Being Pushed Forward.

The work upon the rolling mills is pro-  
gressing finely. Mr. Walter Alfred, who  
has the contract for the mill and spike  
factory, has the east and a portion of the  
north wall bricked up a sufficient height  
for the laying of timbers to support the  
roof. The south and west walls will in a  
short time also be up. The buildings now  
command prominent positions and many  
are the visitors who call to make an  
inspection of the work. The greater portion  
of the material for the roof and other frame  
work has been ordered. Mr. Alfred  
is doing all in his power to push the build-  
ing to completion.

Ald. Hanley, the contractor for the rolling  
mills proper, has just procured a large  
quantity of iron beams. Yesterday the work  
of placing in position some of this heavy  
timbers was commenced, and the work  
was watched with interest by many. The  
contractor is doing his level best to  
procure as rapidly as possible with his con-  
tract. The building will no doubt be a  
most substantial one, nothing but the  
very best of material being used.

## Investigate.

Many men imagine themselves hard to  
tailor-tailor them. Our  
ready-to-wear clothing would probably  
change that notion as well as the notion  
that a custom tailor gives better cloth-  
ing, better trimmings, better cut. Because he  
charges as though he is a tailor, and he is  
not. Investigate for yourself.

## HAVE SAID GOOD-BY.

The Grand Lodge of the 'Prentice Boys  
concludes its business and ad-  
journs till next year.

The Grand Lodge of 'Prentice Boys  
concluded its labors last evening, and the  
visiting delegates have returned to  
their homes. They expressed great satis-  
faction with their treatment whilst in the  
city and the cordial welcome extended to  
them. The next session of the Grand  
Lodge will be held at Watertown, N. Y.

During the afternoon session the various  
committees reported, which reports were  
adopted.

Bro. R. H. Ketcheson, of this city, was  
appointed Grand Organizer for the Order.

A resolution of condolence to the widow  
and family of the late Mr. James R.  
Cowan, P. G. of this city, was adopted, and  
will be forwarded by the Grand Secretary.

The evening session was devoted to  
routine and secret business in connection  
with the Order.

## TROUBLE EXPECTED

On the Line of the Grand Junction at  
Holloway To-day.

Trouble was anticipated on the line of  
the Grand Junction this morning at Hollo-  
way, as a number of "cabs" were set to  
work, amongst whom, they were informed,  
were some Italians. Up to the hour of going  
to press we had not heard of the men  
being interrupted by the others. There were  
rumors that they would not be allowed to  
continue peacefully in the discharge of their  
duties.

## Positive Proof!

—that—  
Japanese Catarrh Cure Cures.

The following testimonial is one of the  
hundreds daily received by the proprie-  
tors of Japanese Catarrh Cure. Coming  
from British Columbia, where, owing to ex-  
cessive dampness of climate, catarrh is  
more prevalent and more difficult to cure  
than in other parts, makes it more valuable.  
"Mr. James Farr, of the Fraser River, B. C.,  
writes: 'I have been very much troubled with  
catarrh for years, and tried all the advertised  
remedies, and many doctors, but in every  
case the catarrh came back. One year ago I  
purchased six boxes of Japanese Catarrh  
Cure and since finishing treatment with this  
remedy have not felt the least sign of  
catarrh. My nephew, William Bennett, was  
also so afflicted with catarrh. It was un-  
pleasant to go near him, as he has also been  
troubled with catarrh. We kept it for sale in our store, and know of many  
others similarly afflicted who have been  
cured by Japanese Catarrh Cure. I am  
glad to see any cure of catarrh. Sold by  
all druggists. A free sample sent to any  
person suffering with this disease. Enclose  
5 cent stamp. Address the Griffiths &  
Macdonald Co., Toronto. Sold by J. M.

## JACK ROACH ON TRIAL.

The Alleged Accomplice of  
the Napanee Bank Robbers

Was Held for Extradition—Another  
Chapter in the Remarkable Case.

Boston, Mass., June 14.—John Roach,  
who was arrested in May by the Boston  
police on the charge of being a fugitive  
from justice, and who is wanted in Canada  
for alleged complicity in the robbery of  
the Dominion Bank at Napanee, was tried  
this morning before United States Com-  
missioner Fiske.

The hearing resulted in defendant being  
committed to jail in \$5,000 bonds to  
await the action of the Secretary of State.  
Commissioner Fiske stated that there had  
been introduced evidence sufficiently  
strong to hold defendant. To-day's hear-  
ing was made necessary because of the  
opposition made by Roach against extradi-  
tion.

The Government introduced a number  
of depositions, signed by persons in Can-  
ada, in which it was stated that they had  
seen Roach in the company of W. H.  
Holden and George Pare, who figured in  
the robbery. (Whereas that they had  
noticed a group of men of which the defend-  
ant was a frequent member, but that the  
group was not near the bank.)

Another man identified a photograph  
of defendant which Holden and Pare had  
members of the gang, admitted was John  
Roach. It appears that each of the latter  
made certain confessions implicating Roach.  
Wm. Sutherland, detective, of Montreal, came  
to Boston. When he saw the defend-  
ant here, Detective Sutherland threatened  
to bring the defendant's mother from  
Montreal to identify him, when Roach re-  
marked, "You would not do that, would  
you, Billy?"

Lawyer Gove argued that in his opinion  
no evidence had been introduced tend-  
ing to show that defendant was a fugitive  
from justice from Canada, even though he be-  
longed there.

A Thousand Tongues  
Could not express the rapture of Annie E.  
Springer, of the Board of Philadelphia, Pa.,  
discovery for Consumption had completely  
cured her of a lung disease which for many  
years had made life a burden. All other  
remedies and doctors could give her no  
help, but she says of the "King's New Cure"  
she removed the pain in my chest and I  
feel better, and I am healthy, something I can  
scarcely remember before. I feel like  
singing its praises throughout the  
universe. So will every one who tries the  
"King's New Cure" for any trouble of the  
throat, chest or lungs. Price 25c. Sold by

## PATRICK KEEGAN FELL,

And for Some Time it Was Thought  
The Fall Might be His Last.

An accident happened to Patrick  
Keegan yesterday afternoon about 5:30,  
which came near causing his death. It  
appears that he was in the shanty upon  
the boom, which is used by Clerk Mc-  
Intosh while he is keeping account of the  
logs, when in going out he fell, striking  
upon his head, the shock rendering him  
unconscious. "He also fell in such a man-  
ner that his body was upon the boom and  
his head in the water. As soon as possible  
he was removed from his perilous position  
and a physician summoned. The unfor-  
tunate man remained in an unconscious  
condition for some time. To-day he was  
reported to be doing well.

## TRANSVAAL CONCILIATORY

Arbitration is Not Made a Con-  
dition of Concessions.

Test of the Transvaal Blue Book Does  
Not Contain Threats—Will Time for  
the Disputants to Arrange a Com-  
promise—Sensational Papers Making  
Noise of Declaration for British Inter-  
vention That Case Warrants.

Brussels, June 15.—Dr. Loris, the  
representative of the Transvaal in the  
Republic, received yesterday the follow-  
ing conciliatory dispatch from Pretoria:  
"The Government does not make arbitra-  
tion a condition of concessions. It will  
continue to make concessions, even as  
regards the franchise, independently of  
Great Britain's acceptance or non-acceptance  
of arbitration."

Blue Book Does Not Contain Threats.  
London, June 15.—Though the sensa-  
tional papers are making much of the  
blue book the Transvaal papers (issued last  
night, in which the British high commissioner at South Africa, Sir  
Alfred Milner, practically declared it  
beyond doubt a case for British intervention  
in the Transvaal, the reply of the  
Secretary of State for the Colonies, Mr.  
Chamberlain, to the petition of the Dis-  
senters, removes many apprehensions.

The text shows it did not contain threats  
concerning which many rumors were  
arrested, and demonstrates that there is,  
therefore, still time for the disputants to  
arrange a compromise, of which signs  
are not wanting.

## Remonstrance to Kruger.

London, June 15.—The correspondent  
of The Daily Telegraph at The Hague  
says: "The Dutch Government has sent  
President Kruger a remonstrance regard-  
ing the disastrous consequences that are  
likely to follow persistence in his present  
policy."

## Kruger Will Give No More.

Pretoria, June 15.—The Volksraad has  
resolved to accept President Kruger's  
franchise proposals and refer them to the  
people before putting them into opera-  
tion. President Kruger, in thanking the  
Raad, said that in these troublous  
times they could not know what was  
about to happen. England had not made  
even a little concession, and he could  
not give more. He reminded the Raad  
that Germany had always stood by them.  
War, he asserted, he did not want, but  
he would not relinquish anything.

The trial of the alleged former British  
officers who were arrested at Johannesburg  
on May 15 last, on the charge of high  
treason in having attempted to en-  
roll men with a view to a rebellious out-  
break, which began here on June 9,  
terminated yesterday. The prisoners were  
reunited.

## THE PEACE CONFERENCE

May Not Adjourn Until the Middle of  
July.

The Hague, June 15.—It is now ex-  
pected the peace conference will not ad-  
journ before the middle of July, as it is  
thought the labor and the delegates will  
not be finished before that time, but there  
is the additional question of the acceptance  
by the powers of the decisions  
adopted by the conference.

## Great Britain and Brussels Conference.

The refusal of Great Britain to accept  
the stipulations of the Brussels confer-  
ence, if they should be made definite,  
would not prevent the other powers from  
pledging themselves to action in the  
matter. There is no doubt that the  
conference sub-committee will reach a  
practical result, but it is possible some  
of the powers, while reserving the right  
to apply the new stipulations when neces-  
sary, may not consent to bind themselves  
forthwith.

Dr. Zorn and Arbitration.  
London, June 15.—The correspondent  
of The Daily Chronicle at The Hague  
reports an interview he had had with Dr.  
Zorn of the German delegation regarding  
arbitration. Dr. Zorn said: "Nothing is  
lost. We shall continue the negotiations  
in the most friendly spirit. My definite  
opinion is in no way committed to me,  
and I share the general hope of finding a  
favorable solution."

## ALASKA BOUNDARY.

Satisfactory Temporary Arrangement of  
the Question.

London, June 15.—The United States  
ambassador here, Mr. Joseph H. Choate,  
has just received from the Foreign Office  
a communication on the Alaska question,  
which, it is understood, is a satisfactory  
temporary arrangement of the affair.

The House of Commons, in the Foreign Office,  
while unwilling to discuss the details,  
nearly the Associated Press that the  
Alaskan question are practically  
smoothed over until the meeting of the  
high commission in August.

## THE PACIFIC CABLE.

British Colonies Invited to Send Dele-  
gates to England.

London, June 15.—The Governments  
of the British colonies interested in the  
proposed Pacific cable have been invited  
to appoint delegates to further discuss  
with the Colonial Secretary, Mr. Joseph  
Chamberlain, and the Chancellor of the  
Exchequer, Sir Michael Hicks-Beach, the  
mode of raising the necessary capital and  
the manner of construction and control  
of the cable.

## Russia Makes a Grab in Corea.

London, June 15.—Though it has not  
attracted much attention here, it is of  
great importance. It appears that Russia  
has secured from the Korean Government  
three lease-for-ports on the coast of Corea, probably  
Port Liao-tung, a really magnificent har-  
bor, on the eastern side of the peninsula.  
Though the lease is only for 25 years,  
those qualified to judge are convinced  
that Russia never will lose her hold on  
these harbors, her next step being to  
connect by railway the foothold thus  
gained on the Korean littoral with Vlad-  
ivostok. It is believed that Russia will  
practically apply to Corea the process  
which has made Manchuria a Russian  
province.

## Poincare Asked to Form a Cabinet.

to consult his friends.

informal meeting of counsel engaged in  
the Venezuelan arbitration took place at

afternoon. The meeting of the Venezue-  
lan commission will be held in the apart-  
ment placed at the disposal of the Span-  
ish commission. The first formal meeting of the commission

### TERRIBLE LOSS OF LIFE.

Mine Explosion at Glace Bay, Nova Scotia.

Over Forty Men at Work, and it is Feared Nearly All Have Perished.

(By Associated Press to-day.)

Halifax, N. S., June 16.—An explosion occurred at 4 o'clock this morning in the Caledonia mine, near Glace Bay, which was accompanied by terrible loss of life. There were over forty men at work at the time, and it is believed that nearly all have perished. Twelve dead bodies have already been taken out, and every effort is being made to get at the others who were in the colliery when the explosion took place. The disaster was caused by an accumulation of gas in an old working. A number of men belonging to the night shift left the pit only a few minutes before the disaster.

LATER.

There were 60 men in the mine when the explosion occurred. Of these 30 made their escape along the west slope, but the others are believed to have all perished. Fourteen bodies have been taken out. The work of the mine took fire after the explosion, but the flames are now under control.

Times Have Changed.

The man who bought a ready-made suit 10 years ago and did not get satisfaction must not imagine that he cannot do better now. Every year lately has seen vast improvements in the clothing trade and to-day the ready-made garment, as sold by the (Oak Hall), is equal, and in some respects better, than ordered clothing and at one half the price.

### POLICE COURT.

The Racer Was Discharged—An Interesting Budget.

A number of cases were disposed of by the P.M. this morning.

Considerable interest centered in the case of W. Walker, the winner of the bicycle race of Wednesday night, who was charged, under the City By-law, with riding at an immoderate rate within the City limits. The City Solicitor, Mr. S. Masson, appeared on behalf of the City and W. Walker appeared for the defendant. Considerable evidence was given upon both sides and the case ably argued by both counsel. The Magistrate dismissed the case, concluding that it was shown that the participants did not ride immoderately within the City limits.

The case against Walter Fanning was further delayed until Monday.

Mrs. J. Denjoy, charged with assaulting a 14-year-old boy, was discharged, the complainant not appearing.

Mrs. Mary Donohoe was charged with retaining a basket and some contents, the property of Mrs. C. Dickson. The charge was sustained and the defendant was ordered to give up the property and pay \$1 and 75c costs.

A charge of selling liquor during prohibited hours was preferred against Mrs. Ann Reynolds, of the Hub. It was being investigated this afternoon.

### A TRAIL OF BLOOD

On Many Streets This Morning Gave Rise to Many Rumors.

Drops of blood upon the sidewalks of Front, Coleman, Campbell, Pinnello and Victoria are, this morning, giving the impression that some one had been bleeding freely, and many were the enquiries as to who had been "done up," etc. It appears that a stranger had accidentally fallen through a pane of glass at Mr. S. A. Moore's marble works, gashing his hand badly, and had apparently traversed the above streets in search of a physician to dress the wound. A doctor's residence was at last found and the unfortunate man was attended to. He had in the meantime lost a considerable quantity of blood.

### Heat and Cold

Are never-failing causes of disease. At this season of the year, neuralgia, toothache, and a host of similar diseases are rampant. A great question, then, is to find the quickest, most reliable, and most economical remedy. Poison's Nervine exactly fills these requirements. It is prompt, efficient, and most economical. For it exceeds in power every known remedy, and is as cheap as inferior simple bluffs. It will give every person a chance to try it. Target bottles only 25c.

### A Critical Operation.

### OBITUARY.

WILLIAM C. BIRD.

There died at Holloway yesterday afternoon, of old age, one of the oldest and most respected residents of Hastings County, in the person of William C. Bird. Deceased was born in Ireland, and came to this country when a boy. He leaves a wife and four children—two boys and two girls—to mourn the passing of a universally respected man. Mr. Bird was a staunch Conservative, having been a subscriber to the INTELLIGENCER for over 50 years, an Orangeman, and a devoted adherent of the Methodist Church. Funeral services will be held on Sunday morning at the Methodist Church, Moira, the internment taking place at Thomassburg burying ground.

D. J. PURDY.

The Brighton Express records the death of Mr. D. J. Purdy, a well-known business man of that place, which occurred this morning about 8 o'clock. (Remembrance of the brain was thought to be the cause of death.) The deceased was born at Sidney, Canada, near Belleville, July 7, 1830, and would have been 63 had he lived until the 7th of next month. Early in life he moved to Smithfield and worked on his father's farm. The years intervening between 1862-5, he spent in British Columbia, most of his time working in Victoria, but spent a little time as a prospector. On October 25, 1865, he was married in marriage to Miss Ada Greenleaf. Together they lived on their father's farm. The elder Mr. Purdy having died, the management of affairs devolved upon the younger. After two years' successful farm life, they moved to Brighton, where Mr. Purdy clerked for his brother.

J. A. HOWARD.

Mr. J. A. Howard, of Hastings, dropped dead in his office on Monday. The deceased was well known in the village and locality, as he was the founder of the "Star" newspaper which is conducted for many years. After disposing of the business to the present proprietor, Mr. J. H. Scriver, he attended to the duties of the telegraph and telephone office, the business of which was under his charge. Mr. Howard was over 60 years of age, and he leaves a widow and three sons.

### Robbed the Grave.

A startling incident of which Mr. John Oliver, of Philadelphia, is the victim, is narrated by him as follows: "I was in a most dreadful condition. My skin was crawling with bugs, eyes smarted, and I was in pain continually in my back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Eucalypti. To my great joy and surprise, the first bottle made a decided improvement. I continued their use for three bottles, and now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. \$2.50 guaranteed. At J. S. McKOWN'S Drug Store.

### A POISONED BONE.

Peculiar Action of Parties Residing on Taylor's Hill.

A large shank bone, with some meat adhering to it, was lately seen in a garden on Taylor's Hill, tied to a tree. The bone was covered, and the meat literally saturated with pale green. They may have been placed in the garden to destroy potato bugs or caterpillars, and perhaps the parties did not want any individual bug or caterpillar to run away with the bone and play solitaire with it. That may have been the case, but in all probability it was put there to poison dogs. If so, the parties who take this means of destroying animals belonging to others should be prosecuted.

### Should be Stopped.

There is a by-law against bicyclists using the sidewalks, but in some parts of the City it is honored more in the breach than in the observance. A boy named Doyle was to-day, on Octavia st., run into by a tandem, which was being ridden on the sidewalk, and barely escaped serious injury. The practice should be stopped before serious consequences ensue.

### LUNA'S ADDRESS TO HIS ARMY.

Apparently After the Order of the Scottish Wallace.

Many People Still Refuse to Credit That the Filipino General Has Been Assassinated by Order of Aguinaldo. It is Pointed Out That on His Death the Revolution Would Have Outlived Americans Get 20 Spaniards.

Manila, June 16.—Cable of General Luna's staff, with three companies of the 21st Regiment, recommended in the direction of June yesterday. The rebels, who were apparently expecting an attack, retired, leaving behind them 20 Spanish soldiers, who joined the Americans. The rebels have probably gone to the mountains above the lake. According to native stories, the rebels carried 100 dead and 100 wounded through the forest after the recent battle. The natives are now flooding into Bacor, and it is probable there are many soldiers in plain clothes among them. The natives are practically without food, and Major General Luna has ordered the distribution of rice and food to the inhabitants.

Luna's Assassination.

Many people still refuse to credit the stories of the assassination of General Luna by the guard at Aguinaldo's base 100 miles from Manila. The reports to that effect are most circumstantial and from second hand. The rumors of assassinations and disasters from the rebel camp are so frequently printed in the local papers that they have come to be regarded with indifference. The latest is that the Governor of Cuba has been killed by natives because of his friendship with Aguinaldo. A prominent commercial man with exceptional means of learning of the Filipinos' movements claims to know General Luna is still alive, adding that if he is dead and if his death occurred a month ago people would have expected a collapse of the revolution to follow. The failure of the Filipinos to follow up the peace negotiations strengthens the impression that their officers were merely to gain time and in order to lure the American to show their hands.

Luna's Address to His Army.

The Independence, a revolutionary organ, of May 30, a copy of which has just been obtained, prints an interview with General Luna showing the arguments he used to keep up the spirits of his followers. He represents the Filipino cause as prospering because the Americans have gained only a hundredth part of Luzon by hard fighting," and says the former are still killing the rebels within the American lines give the proceeds of their work to support the Filipino arms. He is said to have further refused to accept any price for his independence. The Americans suffered for their independence and in their hearts they resist them.

Washington, June 16.—General Luna called yesterday the following: Manila, June 16.—A Filipino General, Washington, Success of Lawton's troops in Cavite Province greater than reported yesterday. Luna, numbering over 4,000 men, are killed, wounded and captured more than one-third; remainder much scattered; have retreated south to Java, where a number of pieces of artillery were captured. Navy aided greatly on shore bay, landing forces occasionally. Inhabitants in that country rejoice at differences, and welcome with enthusiastic demonstrations arrival of our troops. Oils.

### VENEZUELAN ARBITRATION.

First Meeting of the Commission at the French Foreign Office.

Paris, June 16.—The first formal meeting of the Venezuelan arbitration commission opened yesterday morning. The arbitrators, counsel and observers were received by the Minister of Foreign Affairs, M. Delcasse, in the apartment in which the tribunal will sit. There are the rooms used at the meeting of the Spanish-American peace conference and during the debate between the United States and Spain. There were about 40 persons connected with the tribunal present.

The arbitrators took their seats soon after 11 o'clock. Chief Justice McMillan, Lord Justice of Appeals, sitting on the right of the President, the umpire, and Baron Russell of Killowen, Lord Chief Justice of England, and Justice David Brown sitting on his left.

Delcasse Welcomed Them.

The proceedings opened at 11.30, when M. Delcasse briefly welcomed the tribunal in French and English. He then turned to the French Foreign Minister for his welcome and for the hospitality extended to the arbitrators. Referring to the work being done at the Hague in the matter of arbitration, he said the peace conference was not merely to arrange a settlement of conflicts but the avoidance of conflicts, and expressed the hope that the tribunal would have the result of promoting the welfare and prosperity of the two countries interested.

The arbitrators will meet four days a week, and the days off will be Fridays, Saturdays and Sundays.

Sir Richard Brindley announced that counsel had arranged he should speak first, then two Venezuelan counsel, next Great Britain, with possibly two counsel from Venezuela, and next Great Britain. The final speech was to be made by Venezuela.

The British Case.

Sir Richard then opened his British case and spoke until 1.15 p.m., when the commission adjourned for lunch. Sir Richard occupied the remainder of the day in an explanation, with the aid of the map on the wall, of the geographical position of the dispute, and included the opening stage of his speech shortly before 4 o'clock, when the tribunal adjourned. Prof. de Martens saying he hoped to be able to hold the next meeting on the coming Wednesday.

Reckless Married Men.

Constitutionalist, June 16.—It is reported from Poughkeepsie that a boar of Kurish cavalry on the pretense of searching for an agitator, recently milled several villages in that district, burned the houses and killed many of the inhabitants. It appears that they also murdered the Mayor of the Poughkeepsie district, and two monks. The Turkish Government is trying to hush up the affair.

Probably Charles White's Body.

Lenington, Ont., June 16.—Another body of a man came ashore west of Point Pelee, a short distance farther up than the one found on Wednesday. This one is thought to be the body of Charles White, who was drowned with the Pelee Island and Kingsville party last October. This leaves the only of the man found at Pelee on Wednesday unknown, as all the men of the Pelee Island drowning have been recovered.

#### BEFORE THE MAGISTRATE

#### Charged With Violating the

#### Transient Traders' By-law.

But the Talkative Gentleman From the Land of the Kangaroo was Not Long in the Clutches of the Law.

It looked for a while this morning as though Nemesis had overtaken Mr. Edwards, the smooth-tongued gent. from the Antipodes. He was haled before Magistrate Flint, charged with violating the Transient Traders' By-law, but, to the disappointment of his "customers," the case fell through.

Mr. S. S. Mason, City Solicitor, appeared for the City, and Mr. E. Guss Porter for the defence.

Fred Adams, lessee of the Carman Opera House, testified that Edwards rented the opera house from him on agreement to pay for each night he occupied it. Mr. Adams swore that Edwards offered the City Treasurer \$5 for a license, and the latter gentleman said "I would rather not take the \$5; you had better go ahead with the show."

Officer Hayes swore that Edwards sold and gave goods away. He personally bought a book, cuff studs, etc.

Auctioneer Fairfield testified that he saw goods sold.

Mr. Edwards was examined by City Solicitor Mason. He said he had a verbal license from the City Treasurer, for which he paid nothing. In answer to a question by Mr. Porter, he said that the Treasurer had given the City Solicitor and the latter gentleman said "I would rather not take the \$5; you had better go ahead with the show."

Mr. Porter quoted from Horton that a verbal license was legal whether in writing or not; he contended that the money was tendered and that there was no case against his client.

The City Treasurer was called but was out of town.

The case was dismissed, and the "Australian Salesman" with his trunkful of "solid gold watch-chain, solid silver watches, diamond rings, studs" and unlimited call has departed in search of "green fields and pastures new."

### THEY'RE OFF FOR CAMP.

#### And Now "Sergeant Whatisname" Will Have a Chance

#### To Show What he Can do With the Fine Body of Men Who Compose Our Rural Battalion.

From an early hour this morning until noon the City presented quite a martial appearance. This was owing to the departure of the 49th and other Battalions for drill at Niagara. About 11 o'clock the steamer Garden City arrived here, having on board a portion of the 16th Battalion of Prince Edward County. The steamer Argyle arrived shortly after, also having on board a portion of the 16th Battalion. At the wharf Nos. 1, 2, 3, 4, 5 companies of the 49th embarked and also two companies of the 40th Battalion, who came down on the Peterborough train from Campbellford. No. 6 company of the 49th was taken on board at Trenton, and the remainder of the 40th Battalion will embark at Cobourg. They were a fine body of men and will, no doubt, do credit to their respective companies. The boats left here shortly after 12 o'clock.

One member of No. 1 Company of the 49th Battalion was not allowed to accompany his comrades, as it appeared he had been discharged from the 49th, but he refused to allow the man to go.

The officers in command of the 49th Battalion are as follows:

Lt.-Col. Harrison, Ottawa.

Major J. R. Orr, Madoc.

Major Smith, acting Adjutant, Stirling.

Quartermaster McKee, Stirling.

Sergeant, Dr. Farley, Belleville.

No. 1 Company, Belleville, Lieut. Watts.

No. 2 Company, Stirling, Capt. Wilson.

No. 3 Company, Sidney, Capt. Ketcheson.

No. 4 Company, Madoc, Major Orr.

No. 5 Company, Shannonville, Lieut. W. H. Ketcheson.

No. 6 Company, Trenton, Capt. Armstrong.

### Bad Beginning.

The steamer Argyle, having on board the 49th Battalion and a portion of the 16th Battalion, became disabled and was unable to proceed for some time. She reached the Bay Bridge when the accident occurred and drifted toward the shore. The boats, which were able to proceed to the dock near the Bay Bridge, where she tied up. At the time of going to press the steamer was still at the dock.

### Three June Weddings.

A most interesting event was the marriage of Thomas English, of Madoc, to Lucinda English, of Melrose, at the residence of the bride's brother, Mr. John English, on the 14th inst. The marriage ceremony was performed by the Rev. D. O. McArthur, in the presence of a large party of near relatives and friends. Mr. John English acted as groomsmen, and Miss Rebecca English, sister of the groom, as bridesmaid. The bride was given away by her brother, Mr. William English. The bride looked charming in an artistically made dress of French crepe silk and wool. After the ceremony all sat down to a sumptuous repast, after which the happy couple took the train for the west in the night of a shower of rain. The bride wore a handsome gown of blue crepe broadcloth. The presents were numerous and costly. The newly married couple took with them the best wishes of a host of friends for their future success.

On Wednesday, June 14th, at the Methodist parsonage, Frankford, Mr. Clement Armstrong, of Rawdon, was joined in wedlock to Miss Clara Booth, of Trenton. Rev. J. W. Wilkinson performed the ceremony. Both the contracting parties are very popular, which was witnessed by the numerous and costly presents received.

On Wednesday, June 13th, Mr. Francis Herbert Sanford, Penfold Falls, was married to Miss Maud Luella Sargent, youngest daughter of Charles Sargent, of Sidney. The ceremony took place at a residence of the bride's parents, and was performed by the Rev. J. W. Wilkinson, of Frankford. Best wishes of a host of friends go with the happy couple.

### Blouses Selling Fast.

### Wheaton's Narrow Escape

Hot Fight With Filipinos 20 Miles From Manila.

The Americans Were Hit Hard—Five Killed and 25 Wounded—Their American Forces Practically Defeated. The Fighting Continued Until After 5 p.m. on Monday.

Manila, June 20.—A battalion of the 10th Infantry, which left Manila, where General Whistler is in command, yesterday morning to reconnoitre toward Poreo Maricao, where it was believed most of the rebels who escaped from Panay and Hacoar had fled, was attacked by apparently friendly natives in the rear, which brought on a sharp engagement, lasting several hours. It resulted in five Americans being killed and about 25 being wounded. The loss of the rebels was very heavy.

The battalion soon exhausted its ammunition and at 2:30 in the afternoon General Whistler and his staff, with the 2nd Battalion, two mountain guns and one field piece, went to reinforce the troops attacked. General Whistler was fired on in a road and had a narrow escape. Later the 1st Battalion was ordered to the front and formed on the 1st Maricao road. Heavy firing on both sides followed, the artillery being freely used. The enemy was located in the woods at 1 o'clock, showing signs of retreating, but the rebels were pressed very hard. One gun of the 10th Artillery, in an advantageous position, did great execution.

The fighting was still in progress at 5 o'clock, at which time the Americans had secured a quantity of Filipino arms, which had been abandoned in the woods. The scene of the fight is over 20 miles from Manila.

### They Want to Quit.

Washington, June 20.—The following telegram has been received by the Adjutant-General from General O'Day at Manila: "All volunteer organizations here desire to muster out San Francisco."

### THE PLAN OF CAMPAIGN.

What the Boers Will Do Within Two Weeks After the Declaration of War With Great Britain.

London, June 20.—The St. James Gazette yesterday afternoon claimed to have received from an absolutely reliable source at Pretoria, capital of the Transvaal, the plan of campaign which will be followed by General Joubert, commander-in-chief of the Boers, in the event of war between the Transvaal and Great Britain. General Joubert's force, it appears, will consist of 30,000 men, with Mauser rifles, in addition to 40 quick-firing guns and 1,000 artillerymen, most of them drawn from the German and Dutch armies.

Help Expected From the Free State.

With these troops and help expected from the Free State, Joubert expects to take the offensive immediately after the declaration of war, enter the Orange Free State and march on Kimberley, the British diamond mining centre in West Griqualand, which forms four of the 70 divisions of Cape Colony. Kimberley is about 100 miles northwest of Bloemfontein. In his march on Kimberley Joubert will use the railroad as far as available, expecting to capture the town with almost loss and blow up the De Beers diamond mine.

Will Destroy Railroads.

Simultaneously, it is added, the railroad from Cape Town to Bulweria will be destroyed by Boer sympathizers, and agents in Cape Colony, who will destroy the Port Elizabeth-Pretoria line, south of Bloemfontein, to prevent British troops from using it.

Finally, immediately after Kimberley is captured, General Joubert will advance on Cape Town, the capital of Cape Colony, through the western provinces, where the Dutch predominance and are expected to join the Boers. Joubert calculates he will be master of Cape Colony a fortnight after the declaration of war and that he will then be able to dictate terms of peace.

### ONE INDIAN SHOT ANOTHER.

Violent Wind and Ball Storm Near Stockton, Manitoba.

Winnipeg, June 20.—The Attorney-General's Department received word yesterday afternoon from Lac Seul of the shooting of an Indian in the territory north of that point. An Indian, whose name is not given, was supposed to be going wild, or, in other words, insane, and a member of the tribe, named Chouinard, shot him at duty. He is not expected and is not yet arrested.

A very violent windstorm from the west passed over Stockton, Man., yesterday, accompanied by rain and hail, covering a strip of territory about one mile in width. Rain fell in torrents and hail to the depth of six inches covered the ground. Some of the hailstones measured an inch in diameter. Trees were stripped of both leaves and young branches, and crops in the path of the storm were probably destroyed. No accidents are reported.

**WARM WELCOME  
AWAITING THEM.**

Citizens of Rochester Want  
the Gallant Fifteenth.

And Promise that if the Red Coats will  
go and Help Them Celebrate the  
Fourth of July They Shall Have  
the Best Day of Their Lives.

Ever since the XV. decided to go Niagara  
the citizens of Rochester have been  
greatly disappointed, and have been ceas-  
ing in their efforts to try and get them to  
reconsider their determination. They  
promise that if the gallant Arzyles will  
visit them they will get the "glad hand"  
from everybody, that the freedom of the  
City will be theirs, that they shall have a  
regular old "Cud Mill Follies," and that  
the date of their excursion to Roches-  
ter shall ever be a red letter day in  
the history of Belleville's crack Bat-  
talion. Many of the officers are in favor of  
the change being made, one excellent rea-  
son being the question of economy. Mr.  
Gibbs, leader of the L.O. Van, Co., offers  
them an excursion rate of \$1, which would  
be a saving of 25c each. The money being  
an object. The 14th of King, of Kingston,  
are going over on Sunday night and will  
spend Monday and Tuesday in Rochester.  
The XV. will be in good company. Should  
the men of the Battalion decide to  
change their minds and go to Rochester,  
Mr. Gibbs will give an excursion  
rate of \$1.00 to the general public. It  
looks as though the boys may regret it if  
they let this opportunity to see Yankee  
hospitality go.

and Miss Lena Walker, daughter of Dr. G.  
W. Walker, dentist, were married by Rev.  
Canon Burke. Mr. James G. Wallbridge,  
brother of the groom, was best man, and  
Miss Mabel Walker, sister of the bride,  
acted as bridesmaid. Mr. and Mrs.  
Wallbridge left on the train for Hamilton  
for their wedding tour, and though their  
many friends have not yet had the opportunity  
of personally tendering their con-

less hearty and sincere and at heart.

**ELOCUTION CONTEST.**

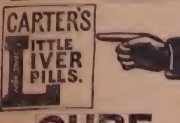

The Second Evening of the Com-  
mencement Exercises in Every  
Way Successful.

The second evening of the Commen-  
cement Exercises at Albert College was in  
every way as successful as the first. Though  
the night was warm and close, the interest  
in the contest was keen and was kept up  
from beginning to end. The presence of  
Prof. Shepard must have given additional  
stimulus to those who were taking part in  
the contest. There were eight competitors  
for the medal, and each showed the evidence  
of careful study, preparation and training.

The judges, after well weighing the merits  
of each, gave the coveted prize to Mr. O. P.  
Hilgason, who recited Sir Walter  
Scott's famous Conflict of Fitz-James and  
1. Kierick Dhu. In the second part of the  
programme the audience were treated to  
two humorous selections which were not to  
be judged in the contest. Prof. Shepard, af-  
ter repeated calls, responded, and recited  
a selection as another antidote to the pre-  
vious heavy numbers, and was heartily  
received by the audience. The Choral  
Class added to the pleasure of the evening  
by two numbers, one of which was "The  
Magician's Hymn, with Latin words, was  
especially worthy of notice; a quartette,  
solo and duet by Prof. Hunt's pupils  
completed the entertainment. Following

**IN THE MATTER OF SPORT.**

There is nobody a Briton respects more than a woman worthy of his steel, whether it be in the field of sport or in the field of peace or when "grim visaged war" stalks through the land. In this regard the Halifax Herald makes the following very sensible remarks: "Nothing has done more in time past to convince the people of England that the persons who were formerly spoken of as 'mere colonists' are not a set of inferior beings than the discovery that colonists from Australia could play the national game of cricket quite as well as Englishmen. It is now almost twenty-one years since the first Australian cricket eleven visited England and opened the eyes of the British cricketers as to the kind of game the men of the Antipodes were able to play. The players of All England fell before them, and they won a large majority of the matches in which they were engaged. If Canada could have done the same the Dominion would have stood much better in the estimation of the English people than it has done until quite recently. Unfortunately we do not play much cricket in Canada, and, therefore, are not likely to ever win a match against All England at cricket. We are well pleased, however, to see that the players of All England are not inferior to those of the Dominion of twenty-one years ago, and that all England eleven has been justly beaten by them. We are glad to see colonists thus proving that they do not belong to an inferior order of beings."

**An Entertaining Firm.**

There are few men more wide awake and enterprising than Mr. J. M. McKinnon, who secures no pains to secure the best of every thing in his line for his customers. He now has the Agency for Dr. King's New Discovery, which cures every case of Consumption, Cough and Croup, and is the only remedy that is now producing so much excitement all over the country. By its many cures, it has secured for itself a large and increasing trade. It is sold in all the leading cities and towns, and is the only remedy that is now producing so much excitement all over the country. **IDEAL SUMMER RESORTS.**

You Don't Have to Leave Your Immediate Neighborhood to Find the Best of Them.

Now that summer is at hand and every one is looking around for a holiday resort, we beg to call attention to the fact that there are as charming spots near home as anywhere on the continent.

Massachusetts Park, Twelve O'Clock Point, The Sand Banks, each has a beauty of its own and each is an admirer. A new resort has been discovered in the last few years that bids fair to eclipse its rivals. Belle Island, in Lake Ontario, a few miles from Concession, is probably unknown to a great majority of our readers, and it is safe to say that is their misfortune. Situated out in the lake it has all the benefits of the pure fresh breezes and the bracing air of our inland sea, while its proximity to the land makes it most easy of access.

The coast about two miles and a half around has all varieties of scenery, from the pebbly beach to the rugged cliffs. On the north side, which is high and rocky, innumerable little grottoes have been carved out by the waves and in this side is a small inlet, grottoed and almost overlooked by the Sentinel Cliff. On the south side is a small inlet, grottoed and almost overlooked by the Sentinel Cliff. On the south side is a small inlet, grottoed and almost overlooked by the Sentinel Cliff.

When it is desired that accommodations on the island are excellent and prices reasonable, it must be admitted that an ideal Summer Resort has been found.

CAPT. W. A. PERRY  
Ollifton, N B Gendoin Ferry

For coughs, colds, bronchitis and all lung and throat troubles, there is no preparation of medicine can compare with **Bickel's Anti-Consumptive Syrup**. It never fails to afford prompt and permanent relief. It removes all mucus, and loosens the diseased parts. It loosens the throat, soothes the inflamed membrane, and by promoting expectoration, removes the mucus which causes difficulty in breathing, thereby giving relief to that depressing, fatiguing expectation in the chest. Public speakers and singers will find Bickel's Anti-Consumptive Syrup of inestimable value, as it soothes and soothes the throat and loosens the voice, and gives power to the vocal cords, rendering the voice clear and strong. It is a remedy which to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Bickel's Anti-Consumptive Syrup, and whenever their child has taken cold, has a cough or hoarse voice, give the Syrup according to directions. It is a case to be good than great—there is less opposition.

At Death's Door—Typhoid Conquest. Great Medical Triumph. My medical adviser and others told me I could not possibly live when I contracted Typhoid. My case was one of the worst of the kind. For three years I could not eat meat and my weight decreased from 110 to 110 lbs. All the food I ate for ten months previous to taking the Vegetable Dieting consisted of fruit and vegetables. I was cured and have regained my usual weight, can eat anything with a keen relish and feel like a new man. I have been thirty-three days on the Vegetable Diet since I cured me. As I am a doctor, I have been in this section know how low I was, and I could not possibly be cured. They are eager to try this diet, and I have certainly saved my life as I never expected to recover when I was told I could not live. I am not exaggerating anything, but feel glad to be able to contribute this testimony and trust it may be the means of saving others of their meat as a certain cure for Typhoid. (Signed) Jean Valmont, General Merchant, Wotton, P. Q.

After trying all the remedies and consulting several doctors, without obtaining any relief, I was advised to try Dr. Thomas' Electric Oil. I wanted the Oil and found a little into my ear, and before one-half the bottle was used my hearing was completely restored. I have heard of other cases of deafness being cured by the use of this medicine as a return envelope.

## EXCITES ALARM AND HOPE.

Waldeck-Rousseau's Cabinet an Extraordinary One.

Such a Ministry has Never Been Known Except Under Extreme Conditions.

President Sigmund Order Designating a Cabinet at Paris, June 26.—The Paris correspondent of The New York Sun cables his impressions of the new French Ministry.

"France will really command the attention of the world during the crisis which the next few days should solve. The Government which has just assumed office is a cabinet of compromise, which is both alarm and hope, alarm because the peril is so great that a Cabinet designed simply to save the face of the Government is necessary, and hope, because the new Ministry has been appointed with a view to the maintenance of the Republic."

An Extraordinary Cabinet. "The Times" currently describes Premier Waldeck-Rousseau's Cabinet as such a one as had never been known, except at the end of a war, the outbreak of an insurrection or on the eve of a coup d'etat. It is a Ministry which could not last for long, but which would be a necessary evil, and which would be a necessary evil, and which would be a necessary evil.

To-Day Will Tell a Tale. "Monday's session of the Chamber of Deputies will be the first of the new Ministry. The Chamber will be a scene of great interest, and the new Ministry will be a scene of great interest, and the new Ministry will be a scene of great interest.

When the Test Will Come. "The test of the new Ministry will come when the Government attempts to execute its undoubted intention to remove Gen. Zurlinden from his post as commander of the Paris garrison. His removal is a test of the new Ministry, and the new Ministry will be a scene of great interest, and the new Ministry will be a scene of great interest.

The Twenty-third Kansas Regiment is a volunteer regiment of the United States Army. It was organized at Kansas City, Mo., and is now at the front. It is a scene of great interest, and the new Ministry will be a scene of great interest, and the new Ministry will be a scene of great interest.

It is stated that the English language is growing faster than any other, past or present. This is because those who use it have a great deal to say in this world. It is a scene of great interest, and the new Ministry will be a scene of great interest, and the new Ministry will be a scene of great interest.

An earnest prophet is quite positive that we are booked for a "long, hot, dry summer." Perhaps this year is a first one for the world. It is a scene of great interest, and the new Ministry will be a scene of great interest, and the new Ministry will be a scene of great interest.

Giovanni Castella came to this country on the Brooklyn with a hump on his back. Some superstitious custom house officials touched it, saying the old adage that to touch a hump brings good luck. They were rewarded for the hump was artificial and filled with \$1,000 worth of jewelry. ## YANKEE EYES ARE OPENED.

They Find That Canada's Trade Is Worth a Good Deal.

Indeed, the fact that Our Trade With Them is Greater Than They Expected Makes for a Better Feeling—Special Statements Have Been Prepared Showing What This Country Buys From the States.

Montreal, June 26.—The Herald has the following special from Washington. The fact that the negotiations of the joint commission would be more successful, lower the tariff on the goods of the United States by the gradual progress accomplished by means of direct correspondence between Washington and London, has led to the conclusion of a better feeling on the part of the United States.

Some Interesting Figures. Here are some figures that were included in the special statements prepared by the Treasury Department, and they give some idea of the value of Canada's trade with the United States. In 1888, all Mexico, Central and South America, the West Indies, with a population of 10,000,000, bought from the United States products valued at \$10,000,000.

Canada, with only 5,000,000 inhabitants, purchased \$10,000,000 worth of goods from the United States. The United States sold to the Canadians more than \$80,000,000 worth of goods and bought from them \$10,000,000 worth of goods. In spite of Canada's preferential duties in favor of the Mother Country, British exports to Canada increased over 30 per cent during the same period.

The United States sold to Canada \$80,000,000 worth of goods, and bought from them \$10,000,000 worth of goods. The United States sold to Canada \$80,000,000 worth of goods, and bought from them \$10,000,000 worth of goods. The United States sold to Canada \$80,000,000 worth of goods, and bought from them \$10,000,000 worth of goods.

A Valuable Market. American producers are not only deeply conscious of the value of the Canadian market, but they realize that Canada offers a field which is becoming better with rapid strides. The people in the United States are gradually coming to realize that the Canadians are a progressive English-speaking people who are both producers and consumers, and that they are consumers and buyers and that the Filipinos, Latin Americans and such peoples are not to be compared with them as consumers and traders.

A HITCH IN THE NEGOTIATIONS. Great Britain Requests Another Modification. Washington, June 26.—The memorandum dated on Friday concerning the modification for a temporary agreement upon the duties on wool was only another step in the negotiations. A modification has been requested by the British Government, and the United States will be forced to consider it.

VILLAGE NEARLY WIPED OUT. Thirty or Forty Houses at St. Raymond, Que., Destroyed by Fire. St. Raymond, Que., June 26.—This village was almost wiped out by a fire which started here at 11:30 yesterday morning in a stable belonging to Mrs. Edward Diamond, and which is believed to have been caused by a candle. The fire spread with great rapidity and, before long, it had reached the houses of the village. The fire spread with great rapidity and, before long, it had reached the houses of the village.

## THE ART EXHIBITION.

One of the Most Pleasing and Interesting Features

Of This Year's Commencement Exercises—Some of the Best Specimens Absent, But the Exhibit a Creditable One.

The annual Art Exhibition in connection with the Commencement Exercises at Albert College opened this afternoon at 2 o'clock, and will be continued this evening. The pictures exhibited are the work of the students of the present year. The exhibit consists of crayon sketches and paintings in oil and water colors, and it is not saying too much when the statement is made that many of them give evidence, not only of careful training and untiring effort, but of real genius.

Unfortunately many of the best specimens are absent, being on exhibition at Victoria University, Toronto, where they occupy a principal section in the centre of the exhibit. In reply to a request for their return the Supt. writes that "It would destroy the Exhibition to remove any part, and as Chancellor Burwash has just remarked to me, it would be a great mistake to remove them, as it is the best advertisement your College ever had. He says the exhibit is a great attraction and there were over 800 people there last night."

The following list gives a faint idea of the beauties to be seen by a visitor:

Miss Lena Ford has a large exhibit, the most praiseworthy being her studies in water color, some of which are really exquisite. Visitors will be particularly impressed by her studies of chrysanthemums, grapes and yellow roses. In oils she shows some fine figures and fruits and flowers.

Miss Estella Barber exhibits in oil and water colors, her studies in game and landscape being especially worthy of praise. Two striking pictures are a copy of "The Gambler's Wife," and a duel scene, the facial expression in the latter picture being very striking.

Miss Edith Burket shows some excellent studies in fruits and flowers and copies from animal life.

Miss Margaret Fox has some tasteful studies in landscapes and flowers, and copies of animal life and landscapes.

Miss Grace Waters has a large exhibit, some of which are quite striking. This exhibit has studies in flowers, fruit and landscape, and copies in portrait and figures.

Miss Jean Donald has an interesting study of the interior of St. Thomas Church, Belleville, and a number of creditable copies, notably "The Old Vicar."

Miss George Stewart has some pleasing studies in fruit and landscape, and a unique study of the foliage of Belleville.

Miss Nettie Lockett shows some pretty studies in black and white, and copies in water colors.

Miss Edith Phippen shows some beautiful studies in landscape, and copies in water colors.

Miss Mary Morton has some realistic studies in fruits and flowers.

The exhibition is exceedingly creditable, considering that many of the best specimens are absent, and gives evidence that careful and thorough tuition is the rule at Albert College. It will well repay a visit.

## Guelph Iron Works Resume Operations.

When the people of Belleville were discussing last year the bonus to the rolling mills, the opposition cited the failure of such works in Guelph as a warning against encouraging Mr. Mitchell to come here. Those who had studied the subject, notably Mayor Johnson, proved that local causes accounted for the shutting down of the mills at Guelph. We clip the following from the "Monetary Times" of the 23rd instant, which amply justifies the statements then made:

"According to the Guelph Herald, the rolling mills in that city resume work this week; the company is known as the Guelph Iron and Steel Company, Limited. New machinery for the works is on the way from New York."

## HAS ANYBODY BEEN DROWNED?

Clothes Found on River Bank, but so far Nobody is Missing.

The finding of some clothes this morning upon the bank of the river near Cooper's mill gave grounds for a rumor which became freely circulated that a boy had been drowned. At the time of going to press it was impossible for us to state whether there was a drowning accident or not, as the clothes had not been claimed, and at the same time no boy appears to be missing. The articles consisted of a grey coat, pair of blue overalls, pair of braces, two pairs of stockings and a pair of coarse lace boots. The clothes were wet and one pair of the stockings were wet and covered with sand and had been thrust into the boots. The police took charge of the articles and made enquiries, but were unable to find an owner. They are of the opinion that they belonged to a boy who had apparently fallen into the river and had obtained by some means dry clothing and allowed his own to remain there for the purpose of drying. A number of persons gathered about the spot, and opinion was divided as to the drowning theory. The clothes apparently belonged to a boy about 13 or 14 years of age. They were taken to the police station for safe keeping.

Government is evidently in a dilemma  
over Sir Albert Tupper's Yukon  
Charges, for, instead of Mr. Tupper  
Continuing the Debate, Mr. Tupper  
Moved the Adjournment of the House  
Until the 30th of July.

It is a growing impression that  
the House will adjourn for the summer  
at the end of July. The Premier and  
other ministers went to Quebec  
last night, and it is expected that  
they will return to Ottawa tomorrow.

whether or not the House will adjourn  
at the end of July. The Premier and  
other ministers went to Quebec

When They Set Their Banners on  
American Soil—The Commanding  
Officers' Orders for the Trip.

The officers of the X.V. Batt. are much  
elated to-day, the Department of Militia  
and Defence having seen fit to express  
warm approval of their request to be al-  
lowed to attend the celebration at Rochester  
on July 4th. The Department is also send-  
ing out to the Batt. all the extra equip-  
ments needed for such a trip, which will  
make a decided improvement to their ap-  
pearance.

The Oliver equipment will arrive to-  
night.

The Rochester Herald, in speaking of  
the coming visit of the 15th Battalion,  
says: "The Battalion from Belleville,  
will be here to assist in the demon-  
stration, bringing with it a strong band,  
pioneer corps, ambulance corps and in full  
strength. The Battalion is a representa-  
tion of the typical British soldier and the  
effect will be as unique and pleasing as the  
heartily reception will be accorded them.  
Messrs. Sibley, Lindsay & Orr, one of  
the leading business establishments, have  
invited the Battalion to visit their premises  
and observatory. On the evening of the  
3rd of July the officers of the visiting  
corps will be banqueted. The representa-  
tives from Toronto, Kingston and Bel-  
leville will be called upon to reply to the  
addresses of welcome."

The fireworks on the evening of the 4th  
will be a magnificent affair. In addition  
to a representation of the President the  
Queen will also be displayed.

This evening the parade will no doubt  
be attended by all who anticipate going to  
Rochester. It will be a full dress parade.

The managers of the various places of  
amusement at Ontario Beach have extend-  
ed an invitation to the Battalion to visit  
their places free of charge.

The following orders for the guidance of  
the Battalion have been issued in regard to  
the Rochester trip:

The Battalion will parade in review order  
with helmets and leggings complete on Fri-  
day evening at 7.45 p.m. Every member  
of the Battalion must attend.

Section commanders must report to their  
Company officers, and Company Officers to  
the Quartermaster, on Friday morning  
in equipment, and they must be in the  
individual men, will be held responsible for  
the completeness and absolute cleanliness of  
the accoutrements of the Battalion.

The Battalion having reconsidered the  
proposed trip to Niagara Falls, and having  
now decided to proceed to Rochester on  
the 3rd and 4th of July, the Regimental  
Orders of the 19th of June, 1899, are  
hereby amended by substituting "Rochester"  
for "Niagara Falls," and by substituting  
"\$4.00" for "\$3.00," any change in the  
dates above. All service regulations and  
understandings as to drill pay will be  
amended accordingly.

It should be remembered by all that this  
is the most important occasion in the  
history of the Battalion, and that the honor  
of the Regiment rests upon every member.  
The Battalion cannot go unless (1) the  
men render themselves more uniform in  
drill, (2) unless the ranks are filled up; and  
last, therefore, from the oldest veteran to  
the youngest recruit, are interested in seeing  
that their comrades do their duty as  
well as doing duty themselves, and any  
old members of the Battalion proficient in  
their drill will be well rewarded in return  
for their efforts by the presence of Bel-  
leville City Corps may be made, and in  
order that this Battalion may stand beside  
other regiments, both Canadian and  
American, and be second to none.

Any member of the special organizations  
of the Battalion, such as the Bugle Band  
and Drum Corps, who would on an occa-  
sion of this kind assist in the ranks with-  
out cause and not proceed with his organiza-  
tion to Rochester, would be guilty not merely  
of desertion but also of a gross and disre-  
spectful act, and would be liable to be  
dismissed from the Battalion, and his name  
would be placed on the list of those who  
deserve to be punished.

The C.O. trusts that there may be no  
distinction made, and no advantage sought  
as between companies of the Battalion, but  
that for this special occasion the united  
co-operation and enthusiasm of every  
member is required, and that all may work  
for the good of the whole Battalion, and  
that if one company has its ranks filled or  
has more accoutrements than it requires,  
the members will endeavor to recruit for  
the other companies, and not get filled,  
and that the accoutrements not required will  
be placed at the disposal of the companies  
less fortunate in this respect. From the  
moment that we fall in line on Sunday  
day next, we fall in and act as one Bat-  
talion, and all company lines, save for drill  
purposes and organization, are to be con-  
sidered as obliterated, absolute unity being  
required.
